## Report on the Work of the Standing Committee\*

### Report of the secretariat\*\*

## I. Introduction

1. At its seventy-first session in October 2020, the Executive Committee adopted a decision that set out the issues to be examined by the Standing Committee in its programme of work for 2021.<sup>1</sup> This report provides a summary of the implementation of this programme.
2. The Standing Committee held three meetings in 2021: in March, July and September. A planning meeting of Executive Committee Member States in December 2020 established the calendar of meetings and determined the distribution of the agenda items in 2021. This is provided in the work programme contained in annex I.
3. A detailed account of the work undertaken at each meeting of the Standing Committee in 2021 is contained in the following documents: the report of the eightieth meeting of the Standing Committee (A/AC.96/1210); the report of the Standing Committee on its eighty-first meeting (A/AC.96/1217/Rev.1); and the report of the Standing Committee on its eighty-second meeting (A/AC.96/1218). A list of conference room papers, strategic overviews and other documents considered at these meetings is contained in annex II.

## II. Issues considered by the Standing Committee in 2021

### A. Programme budgets and funding

4. At each of its meetings, the Standing Committee considered updates on budgets and funding, through which it was kept informed of programme requirements, budgetary measures and funding levels. The Committee also adopted decisions on budgets and funding, as listed in chapter III below. In July, the Global Report on the activities of the Office of the United High Commissioner for Refugees (UNHCR) in 2020 was presented. At its September meeting, the Committee reviewed the programme budget for 2022, together with an advance copy of the report of the Advisory Committee

## **B. International protection**

5. In March, the Committee received an oral update on the High Commissioner's Dialogue on Protection Challenges that took place in December 2020, and was briefed on efforts by the Rapporteur to advance an Executive Committee conclusion on international protection, focusing on international protection and durable solutions in the context of a public health emergency. In July, the Standing Committee discussed the note on international protection, a paper on statelessness and a report on solutions. Oral updates on the conclusion process were also given in July and September.

## **C. Regional activities and global programmes**

6. The operations of the UNHCR in all seven regions (the Americas, Asia and the Pacific, Europe, East and Horn of Africa and the Great Lakes, the Middle East and North Africa, southern Africa, and West and Central Africa) were comprehensively discussed at the Standing Committee meeting in March. The Committee also received an update on global programmes. In July, papers on emergency preparedness and response (including the security of the workforce of UNHCR and its operations) and on the organization's engagement with internally displaced persons were presented to the Committee.

## **D. Programme/protection policy**

7. In March, the Standing Committee considered a paper on the programme of UNHCR in the Secretary-General's proposed programme budget for 2022. At its next meeting in July, the Committee reviewed a report on the organization's global strategic priorities and discussed the coordination efforts of UNHCR to measure the impact arising from hosting, protecting and assisting refugees. In July and September, it received an oral update on preparations for the high-level officials meeting (Global Refugee Forum).

## **E. Management, financial control, administrative oversight and human resources**

8. In March, the Standing Committee received an oral update on the work of the Inspector General's Office and in July, it considered a report on the transformation in UNHCR.

9. In September, the Committee considered a report from the Board of Auditors on the financial statements of UNHCR for the year 2020 and discussed the key issues identified in the report and measures taken by UNHCR in response, as well as follow-up to the recommendations of the Board of Auditors on financial statements for previous years. The United Nations Office of Internal Oversight Services presented its annual report on internal audit activities undertaken in UNHCR for the period 1 July 2020 to 30 June 2021, and the Independent Audit and Oversight Committee briefed the Committee on its annual report. The Committee also considered a paper on the financial regulations of UNHCR. An oral update was provided on integrity in UNHCR, and the Committee was briefed on human resources, including staff welfare.

## **F. Coordination**

## **G. Governance**

11. In March, the Standing Committee adopted a work programme for 2021 in March, as proposed at its December 2020 planning meeting. The work programme was revised in July to reflect the addition of an item on UNHCR financial regulations. At its July meeting, the Committee was reminded that the High Commissioner's opening statement at the seventy-second annual plenary session of the Executive Committee in October would form the basis of the general debate, and delegations were invited to propose topics for inclusion.
