Like his older brother, Lemar (14) is a promising cyclist, and a refugee. The brothers train under a national coach and have already won several competitions. Their shared wish is to become citizens of the Kyrgyz Republic so they can compete internationally for the country.

Key Figures (as of 30 June 2022)

1,119

Refugees and Asylum-Seekers

from Afghanistan (699), Syria (78), Ukraine (23) and other countries.

482

known Stateless people

with more cases being discovered.

The operation in the Kyrgyz Republic is coordinated by the UNHCR Representation to Kazakhstan, the Kyrgyz Republic, Turkmenistan and Uzbekistan. In 2022, UNHCR requires \$8.8 million to protect refugees, asylum-seekers and stateless people across the four countries. As of 08 December 2022, the operation is 56% funded.

CONTACTS

Hans Friedrich Schodder, UNHCR Representative for Central Asia, schodder@unhcr.org

Olesya Stepanenko, Programme Associate, stepanen@unhcr.org

Mariko Hall, External Relations Officer, hallma@unhcr.org

Protecting Refugees and Asylum-Seekers

UNHCR supports authorities in the Kyrgyz Republic to recognise, protect, and integrate refugees – serving both 'mandate' refugees (people recognised as refugees under UNHCR's mandate), and 'convention' refugees (asylum-seekers recognised as refugees by the State).

In December 2021, the Government of the Kyrgyz Republic made two [Global Compact on Refugees](#) pledges:

- To issue machine-readable travel documents for refugees and stateless persons recognized by the Kyrgyz Republic in line with ICAO standards.
- To ensure refugees and asylum-seekers have access to healthcare and social protection on par with citizens of the Kyrgyz Republic.

In collaboration with partners, UNHCR supports the implementation of these pledges, promotes the naturalisation of 133 long-standing mandate refugees, and the integration of convention refugees, including their due access to public services such as health, education, and employment.

Working with Partners

Government partners include the Ministries of Foreign Affairs; Labour, Social Security and Migration; Digital Development; Justice; Interior; and Emergency Situations; and the Border Service.

UNHCR works through NGO partner, the Public Foundation Legal Clinic "Adilet".

As an active member of the United Nations Country Team and its Sustainable Development Cooperation Framework, UNHCR engages with UN and development partners, international financial institutions and other stakeholders to ensure that refugees, asylum-seekers and stateless people are not left behind in the Kyrgyz Republic's achievement of the [Sustainable Development Goals](#) (SDGs).

With thanks to our donors

UNHCR is grateful for contributions directly to the National Office Kyrgyzstan, as well as donors of unearmarked and flexible funding, including: Australia | Austria | Belgium | Denmark | European Union | France | Germany | Ireland | Italy | Japan | Netherlands | Norway | Spain | Sweden | Switzerland | United Kingdom | USA

UNHCR appreciates the important contributions of private donors in: Australia | Canada | Germany | Italy | Japan | Republic of Korea | Spain | Sweden | United Kingdom | USA

Addressing and Preventing Statelessness

Encouraged by the global [#IBelong Campaign to End Statelessness](#), in 2019, the Kyrgyz Republic was the first country in the world to resolve all its known cases of statelessness. By the start of 2022, however, the number of known cases of stateless had again grown to 600, with more likely to be discovered.

To prevent the re-occurrence of statelessness, UNHCR and partners support the Government to implement its pledges made at the October 2019 High-Level Segment on Statelessness:

- To provide birth certificates to children who do not have birth registration
- To align national birth registration legislation with international standards to ensure registration of birth of every child born in the Kyrgyz Republic
- To adopting regulations for determining the legal status of a stateless person
- To study the experience of State parties to the 1954 and 1961 Conventions on Statelessness.

Preparing for Emergencies

UNHCR engages with the UN Disaster Response Coordination Unit (DRCU) and UN Rapid Emergency Assessment and Coordination Team (REACT) to ensure a protection-sensitive approach in national, regional and interagency emergency preparedness and response efforts.

UNHCR supports the Government of the Kyrgyz Republic to enhance emergency preparedness and build national response capacities for situations of forced displacement.
