SOUTH SUDAN IS CRYING — REFUGEE CRISIS WORSENS RAPIDLY
南蘇丹—世界上局勢變化最急劇的難民危機
SOUTH SUDAN: THE WORLD’S FASTEST GROWING REFUGEE CRISIS

聯合國難民署最新發表的《2016 年全球趨勢》報告指出，南蘇丹已陷入世界上局勢變化最急劇的難民危機之中。現時有 330 萬，近四分之一人口的南蘇丹人，為內戰動盪和糧食不足而逃離家園。當中以烏干達接收的人數最多，已超過 100 萬。

South Sudan has plunged into the world’s fastest-growing refugee crisis according to UNHCR’s latest report Global Trends 2016. As many as 3.3 million, or one out of every 4 South Sudanese, have been forcibly displaced to survive conflict and food insecurity. Most of these refugees (over 1 million) have been received by Uganda.

逃出生天的難民家庭迫切需要人道主義援助及保護，特別是初到邊境時緊急的棲身之所。逃離的人表示，留在南蘇丹只有絕望——平民因為種族和政治衝突而被殺或襲擊；武裝部隊強徵男性和男孩入伍；婦女和女孩面對性暴力的威脅，以至整條村落，甚至醫院和學校均被燒毀。

The surviving families are in dire need of humanitarian support and protection, in particular emergency shelter, when they first arrive at the border. People who fled have reported the utterly desperate situation: civilians being killed or attacked for their ethnicity or political allegiances, men and boys forcibly recruited into militias, women and girls facing sexual violence, and entire villages, and even hospitals and schools being burnt to the ground.

RESULTING IN A MAJOR PROTECTION CRISIS IN UGANDA

接收最多的南蘇丹難民國家是烏干達。烏干達政府開放的難民政策，除了保持邊境開放之外，到境的難民家庭可獲分配土地去建立他們的緊急庇護所，亦享有行動自由，甚至投票。

烏干達接收的南蘇丹難民在2016年增長了三倍，每天有數以千計南蘇丹人抵達烏干達邊界，急需庇護所及人身安全，當中超過85%為婦女及兒童。烏干達西北部的比迪比迪（Bidibidi）難民營，現正面對前所未有的壓力。

The country accepting the most South Sudan refugees every
day is Uganda. Uganda has a very generous refugee policy – it maintains open borders and provides each family their
own plot of land to build their emergency shelter, the right to move freely, find work and even to vote.

The population of South Sudanese refugees in Uganda
increased more than threefold during 2016. Thousands of
people are arriving at the Ugandan border every
day, in urgent need of shelter and safety; over 85% are
women and children. The Bidibidi settlement, a refugee
camp in northwestern Uganda is full to overflowing.

當奧班尼 (Opani) 看到有平民被屠殺，她深信為了女兒的安全，她不得不逃離家鄉南蘇丹。她帶著不足兩歲的女兒白蓮達 (Brenda)，足足走了三星期的路，才抵達邊境烏干達的邊境。回想逃難之旅，她猶有餘悸，她晚上只敢閉上一隻眼睛，伏在樹下睡覺，生怕有蛇或追擊者的襲擊。

經歷重重難關，她臉上終於展露出笑容，但唯有得到您的支持，她將會得到安全的棲身之所。

當我抵達邊境，看見聯合國難民署的工作人員迎接我們，我感到無比喜悅。我說：‘我現在安全了，我不會被屠殺了！’

- 奧班妮

When I reached the border and I saw UNHCR working there, when they welcomed us, I was very happy. I said “I am now safe, I will not die and I will not be slaughtered.”

- Opani.

When Opani saw people being slaughtered, she knew she had to flee for her daughter's safety. Opani carried her daughter Brenda, who is less than two years old, and walked for a week to reach the Ugandan border. She remembers that she slept with "one eye open" during the night, under trees, worrying about snakes and attackers.

It’s amazing that she can smile after all she’s been through – but with your help she’ll get the shelter and safety she so desperately needs.

於烏干達的庇護所解決方案
OUR SHELTER SOLUTIONS IN UGANDA

當奧班尼（Opani）在邊境處設立臨時公共庇護所，讓抵達邊境的難民家庭暫住，以等候登記及獲發空地以蓋建緊急庇護所。目前烏干達內的難民營和鄰近地區共有52個臨時公共庇護所，每個可容納57人。

UNHCR set up large dormitories as communal shelters for arriving families to stay at the border while they wait to be registered and receive their plot of land for emergency shelters. There are 52 communal shelters in Bidibidi and the surrounding area. Each communal shelter can accommodate 57 people.

EMERGENCY SHELTER KITS

我們發放緊急庇護所工具套裝，讓難民家庭於獲分配的空地蓋建臨時庇護所。工具套裝有鋸、釘、刨和帆布等建屋材料，以及蚊帳、煮食器具、摺疊式盛水器和無線電話充電器等重要日用品。

Families are provided with an Emergency Shelter Kit and their own plot of land to build it on. The kit consists of building supplies such as saw, nails, shovels and plastic sheetings, as well as survival essentials including mosquito net, kitchen utensils, jerry can and mobile phone charger.

半永久庇護所 TUKUL
SEMI-PERMANENT SHELTER - TUKUL

聯合國難民署為難民家庭提供當地的建材和工具，讓他們蓋建半永久的庇護所。建造一個 Tukul 只需一天時間，這種庇護所具有2至4年壽命，其主要結構由泥、草、小米莖和木柱組成，茅草屋頂通風，可保持屋裡的溫度全年穩定。

UNHCR provides families with a semi-permanent shelter building kit which includes locally available materials and equipment. It takes only one day to build a tukul shelter which has a lifespan of 2 to 4 years. The main structure is made from mud, grass, millet stalks and wooden poles. The thatched conical roof provides ventilation and keeps temperatures stable all year round.

Iraq: Malala Highlights Education Needs of Displaced Children

Nobel Peace Prize Winner Malala Yousafzai (left) has spent her 20th birthday in Hasansham Camp, Iraq on a mission to raise awareness about the education needs of displaced children. Around 350,000 displaced children in Iraq are not enrolled in school, that’s almost half of all those of school age.

Malala met Anwar Ahmad Ayesh, a 13-year-old student in the UNHCR-built camp. Anwar fled violence and bombing in western Mosul, and had not attended school for three years. Inspired by Malala, now she wants to be an advocate for girls’ education.

Mosul Liberation: People Need Urgent Support to Rebuild Lives

As Iraqi Government declared “victory” over armed extremist groups in Mosul on 10 July, people are returning to Mosul, struggling to re-build their households.

Since the start of the Mosul offensive on 17 October 2016, over one million people have been displaced. UNHCR has assisted over 570,000 persons with responses including:

- Setting up or managing 18 camps for those uprooted
- Protection monitoring at the reception points
- Efforts to reunite family members separated during flight
- Replacement of missing documentation
- Psychological first help for deeply traumatized people

Thanks to the support of generous donors like you, UNHCR will continue to provide shelter, basic household items, and protection support to families in need.

Thank you for supporting the 10th Charity Refugee Film Festival

UNHCR’s 10th Charity Refugee Film Festival was held between 15 and 25 June. The proceeds of the film festival will be used to fund the “Nobody Left Outside” campaign. This year, we hosted a special preview session for our donors to watch the opening film.

At the preview session, Ms Phoebe Goodwin, an UNHCR architect and shelter specialist from the Zaatari refugee camp, Jordan, shared her experience in supporting Syrian refugees with shelter solutions.

Many well-known supporters attended the movie premiere to show support for refugees. Among them are Mr Shih Wing Ching, Founder of Shih Wing Ching Foundation, Mr Ryan Lau, comic artist Mr Ma Long and his wife, and directors Ms Pang Sou Wai and Mr Hui See Wai.
