

**Annex B – Technical Offer Form & Evaluation Criteria
2023_ITB_046 - UNHCR Biometrics Hardware:
LOT 1 - Thales DactyScan 84c v.2
and
LOT 2 - IriShield BK2021U**

Tuesday, April 26, 2023

Company:

0

Bid Classification:

Comments: [Where bids are classified as technically non-compliant, an adequate TEC explanation is required]

1. Supplier Information			UNHCR Technical Evaluation			
Item	Requirement	Bidder's Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
1.1	Company Name (full legal name)		No	Administrative requirement. If not provided, UNHCR may request this information from Supplier.		[free text]
1.2	Supplier's Registered Address (Street, Postal code, City, Country) The supplier shall state its Company Registration Country		No	Administrative requirement. If not provided, UNHCR may request this information from Supplier.		[free text]
1.3	Contact Name		No	Not Applicable		[free text]
1.4	Contact Email		No	Not Applicable		[free text]
1.5	Contact Telephone		No	Not Applicable		[free text]
1.6	Company Website (if any)		No	Not Applicable		[free text]
1.7	Other: The supplier may also add any other comments concerning 1.1 to 1.6- General Information		No	Not Applicable		[free text]
2. Submission			UNHCR Technical Evaluation			
Item	Requirement	Bidder's Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
2.1	Technical Offer Submission (Annex B) - Excel copy of Annex B_Technical Offer Form - Supporting Technical Documents / Annexes, dully referenced, as requested/ required.		Yes	Failure to submit Annex B will result in disqualification		[free text]
2.2	Technical Offer Instructions i. - Annex B is structured into TWO (2) sections, A and B, detailing the products and requirements which shall conform the technical requirments of this ITB. ii. - Suppliers shall complete Sections A and B in full, inputing their responses in Column C. iii. - Suppliers shall strive to provide as much information as possible iv. - Suppliers shall ensure [Special Instructions] are taken into consideration in their responses (as contained on Column B, Requirements). v. When requested, Supplier shall provide additional documentation ("Supporting Technical Documents") correctly referenced in their response as Annex 1. 2. 3. etc.		No	Not Applicable		[free text]
Section A.: LOT 1 -Thales DactyScan 84c v.2						
A.3. General Information - [Thales DactyScan 84c v.2]			UNHCR Technical Evaluation			
A.3.1	Country and place of manufacture		Yes	Failure to provide this information will result in disqualification		[free text]
A.3.2	Supply Chain The Supplier shall detail in their response their full supply chain for the provision of Thales DactyScan 84c v.2 and other parts including but not limited to the locations and identities of any sub-contractors or sub-suppliers, their production facilities as well as the production facilities of their sub-contractors or sub-suppliers, and the alternative production facilities that could be utilised in the event of a failure in a primary production facility.		No	Administrative requirement. If not provided, UNHCR may request this information from Supplier.		[free text]
A.3.3	Subcontracting Applicability Supplier shall state if services of subcontractors are required, for what items/materials and from which locations.		No	Administrative requirement. If not provided, UNHCR may request this information from Supplier.		[free text]
A.3.4	Place of Inspection		Yes	Failure to provide this information will result in disqualification		[free text]
A.3.5	Other: The supplier may also add any other comments concerning A.3.1 to A.3.4 - General Information		No	Not Applicable		[free text]
A.4. Technical Specifications - [Thales Dactyscan 84c v.2]			UNHCR Technical Evaluation			
A.5. Stocks, Production and Delivery Times - [Thales Dactyscan 84c v.2]			UNHCR Technical Evaluation			

A.6. Packing & Labelling - [Thales Dactyscan 84c v.2]			UNHCR Technical Evaluation			
Item	Requirement	Supplier Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
A.6.1	<p>Packing /Labelling ("the Box"): Agreement for Thales Dactyscan 84c v.2 to be packed on an individual box ("the Box") which contains all product parts. The Box is strong and robust, preventing goods deterioration and allowing stacking. The Box is affixed with label detailing as follows:</p> <p>- UNHCR Product Name: Fingerprint Scanner Thales Dactyscan 84c v.2 - UNHCR Product ID: 00007320 - UNHCR Purchase Order Number: (i.e. HQSMS – 0000012345) - Thales Dactyscan 84c v.2 Serial No.:</p> <p>[Supplier shall provide the exact outer box dimensions (cm.) and weight (kg.) of the "the Box" in their response]</p> <p>[Supplier is encouraged to share a picture of "the Box" which demonstrates the packing and labelling of the same, in the form of Supporting Technical documents]</p>	<p>[see Special Instructions]</p> <p>- length x width x height - CM - weight: KG</p>	Yes	<p>- Pass: Agrees to packing specifications and provides dimensions/weight - Fail: Does not agree to packing specifications</p>		[free text]
A.6.2	<p>Packing / Labelling ("the Pallet"):</p> <p>i. The 'Pallet' must be shrink-wrapped in the most environmentally friendly and securely way ii. The 'Pallet' should contain only one (1) type of product. iii. The pallet must measure 1200 x 1000 mm (Preferred size), One Way Pallet or 1200 x 800 mm, One Way Pallet (Euro) as per UIC 435-2, Heat treatment according to ISPM 15 iv. The maximum height of the 'Pallet' is 110 cm including the pallet. v. The maximum weight of the cargo is 950 kg included the pallet. vi. The Pallet must allow to be handled by fork-lift. vii. Each palette to be affixed with 2 labels placed to the two short sides of the pallets, outside the plastic wrapping. viii. The pallet labels shall be affixed with a plain text label detailing the following information:</p> <p>- UNHCR logo - UNHCR Product Name: Iris Scanner IrisShield BK2021U - UNHCR Product ID: 00008029 - UNHCR Purchase Order Number: (i.e. HQSMS – 0000012345) - UNHCR Purchase Order Number encoded in EAN128 barcodes (i.e. 0000012345) - Iris Scanner IrisShield BK2021U Serial No. Rage: S/N from no. to no. - UNHCR Consignee address</p>		Yes	<p>- Pass: Agrees to packing specifications - Fail: Does not agree to packing specifications</p>		[free text]
A.6.3	<p>Packing List For single shipment, a detailed packing list must be prepared. The Packing List shall be: a) Shared in PDF format with PO Buyer and all Notification Parties listed on the PO. b) Attached to both short sides of minimum the first pallet of the shipment. Note: For multiple shipments, a separate/individual packing lists must be prepared for each container/truck to ensure a smooth and and correct goods receipt.</p> <p>The packing list shall include the following information:</p> <p>- UNHCR Product Name: Fingerprint Scanner Thales Dactyscan 84c v.2 - UNHCR Product ID: 00007320 - UNHCR Purchase Order Number: (i.e. HQSMS – 0000012345) - Thales Dactyscan 84c v.2 Serial No. Rage: S/N from no. to no. - UNHCR Consignee address - No. of Pallets, Shipping Cartons and boxes contained within the shipment. - Dimensions and weight</p>		Yes	<p>In accordance with Annex A-Technical Specifications - Section f.xvii. - Compliant: On Agreement - Non-Compliant: Not on Agreement</p>		[free text]
A.6.4	Supplier may propose alternative greener and eco-friendly solutions which respect the packing requirements outlined herein		No	Not Applicable		[free text]
A.6.5	Other: The supplier may also add any other comments concerning A.6.1 to A.6.4.- Packing and Labelling		No	Not Applicable		[free text]
A.7. Product Life, Warranty, Manufacturing Defects and Returns - [Thales Dactyscan 84c v.2]			UNHCR Technical Evaluation			
Item	Requirement	Supplier Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
A.7.1	Supplier shall detail Shelf Life of the products (in months) and recommended storage conditions.	[see Special Instructions]	Yes	<p>- Pass: Information provided by Supplier - Fail: Information not provided by Supplier</p>		[free text]
A.7.2	<p>[Supplier shall provide Shelf Life information for device and part] Supplier shall detail Lifetime of the products (in months) Note: Lifetime is understood as first date of use until the product stops working (due to age, wear & tear, etc.).</p> <p>[Supplier shall provide Lifetime information for device and part]</p>	[see Special Instructions]	Yes	<p>- Pass: Information provided by Supplier - Fail: Information not provided by Supplier</p>		[free text]

A.7.3	Supplier shall detail Warranty Initialization Date Supplier shall detail initialization period (i.e. Upon receipt of PO/goods by UNHCR, Invoice date, dispatch date, etc.) <i>[It is understood the warranty unitialization date is the same for device and part; Supplier to elaborate otherwise]</i>	<i>[see Special Instructions]</i>	Yes	- Pass: Information provided by Supplier - Fail: Information not provided by Supplier	[free text]
A.7.4	Supplier shall detail Warranty period coverage (in months) Thales Dactyscan 84c v.2 (device)		Yes	- Pass: Information provided by Supplier - Fail: Information not provided by Supplier	[free text]
A.7.5	Supplier shall detail Warranty period coverage (in months) USB 2.0 High-Speed A-Male to B-Male multi-shielded cable with disturbance suppression ferrite (part)		Yes	- Pass: Information provided by Supplier - Fail: Information not provided by Supplier	
A.7.6	Warranty Process Information The supplier shall provide a <u>Warranty Process Information Sheet</u> capturing contact information, documentation required to process claims for products reported as faulty - both valid warranty and out of warranty claims -, warranty process flow, modalities of support, and estimated processing times.	<i>[Supporting Technical Documents]</i>	Yes	- Pass: Provides Warranty Process Information Sheet - Fail: Does not provide Warranty Process Information Sheet	[free text]
A.7.7	Supplier agreement to prepare and share Technical Report with UNHCR and Contract Owner (GDS) in the event a manufacturing defects inquiry/return is filed.		Yes	- Pass: Agrees to prepare and share Technical Report - Fail: Does not agree to prepare and share Technical Report	[free text]
A.7.8	Supplier agreement to maintain a log of manufacturing defects inquiry/return claims and associated information Upon request from UNHCR, the Supplier should produce an asset repair event list (within reasonable time) accounting for all return/defect claims made during the contract, inclusive of PO information, warranty coverage, Technical Report reference, and status of the repair/return.		Yes	- Pass: On Agreement - Fail: not On Agreement	
A.7.9	Supplier agreement on full coverage of cost and liabilities arising from the replacement of <u>under warranty faulty equipment</u> to UNHCR field operations, inclusive and not limited to replacement/transportation/handling/clearance cost to/from deployed location. The agreement shall hold true even if the original PO/devices was sent to the central Registration Stockpile in Copenhagen, Denmark (DNKR1), and thereafter deployed to various UNHCR field offices.		Yes	- Pass: On Agreement - Fail: not On Agreement	[free text]
A.7.10	Replacement Equipment In the event of under warranty claim, Supplier shall confirm wether on agreement to lend and dispatch replacement equipment to UNHCR field operations awaiting resultion of repair/returns events. <i>[If an agreement, the supplier shall provide a separate Information Sheet capturing the details and conditions of this modality of support]</i>	<i>[Supporting Technical Documents]</i>	No	- Preferable: On Agreement - Not Preferable: not On Agreement	
A.7.11	Other: The supplier may also add any other comments concerning A.7.1 to A.7.10 - Product Life, Warranty, Manufacturing Defects and Returns		No	Not Applicable	[free text]

Section B.: LOT 2- IriShield BK2021U

B.3. General Information - [IriShield BK2021U]			UNHCR Technical Evaluation			
Item	Requirement	Supplier Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
B.3.1	Country and place of manufacture		Yes	Failure to provide this information will result in disqualification		[free text]
B.3.2	Supply Chain The Supplier shall detail in their response their full supply chain for the provision of IriShield BK2021U and other parts including but not limited to the locations and identities of any sub-contractors or sub-suppliers, their production facilities as well as the production facilities of their sub-contractors or sub-suppliers, and the alternative production facilities that could be utilised in the event of a failure in a primary production facility.		Yes	Failure to provide this information will result in disqualification		[free text]
B.3.3	Subcontracting Applicability Supplier shall state if services of subcontractors are required, for what items/materials and from which locations.		Yes	Failure to provide this information will result in disqualification		[free text]
B.3.4	Place of Inspection		Yes	Failure to provide this information will result in disqualification		[free text]
B.3.5	Other: The supplier may also add any other comments concerning B.3.1 to B.3.4 - General Information		No	Not Applicable		[free text]
B.4. Technical Specifications - [IriShield BK2021U]			UNHCR Technical Evaluation			
Item	Requirement	Supplier Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
B.4.1	<u>Device:</u> Supply of IriShield BK2021U		Yes	In accordance with Annex A2-Technical Specifications - Pass: Meets all technical specifications - Fail: Does not meet all technical specifications		[free text]
B.4.2	<u>Part:</u> Supply of IriShield BK2021U BLUE/DARK GREY Goggles . Important [Light gray goggles will not be accepted as they do not comply with UNHCR requirements for biometrics image capturing] <i>[Supplier shall provide the exact color and pantone of the goggles in their response]</i>	<i>[see Special Instructions]</i>	Yes	In accordance with B.4.2. Technical Requirements: - Pass (Preferable): Able to supply IriShield BK2021U goggles in BLUE color. - Pass (Less preferable): Able to supply IriShield BK2021U goggles in DARK GREY color. - Fail: Not able to supply IriShield BK2021U goggles in blue or dark grey color.		[free text]
B.4.3	Other: The supplier may also add any other comments concerning B.4.1 to B.4.2 - Technical Specifications		No	Not Applicable		[free text]

B.5. Stocks, Production and Delivery Times - [IriShield BK2021U]				UNHCR Technical Evaluation		
B.6. Packing & Labelling - [IriShield BK2021U]				UNHCR Technical Evaluation		
Item	Requirement	Supplier Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
B.6.1	<p>Packing / Labelling ("the Box"): Agreement for IriShield BK2021U to be packed on an individual box ("the Box") which contains all product parts. The Box is strong and robust, preventing goods deterioration and allowing stacking. The Box is affixed with label detailing as follows:</p> <p>- UNHCR Product Name: Iris Scanner IriShield BK2021U - UNHCR Product ID: 00008029 - UNHCR Purchase Order Number: (i.e. HQSMS – 0000012345) - Country of Origin of the goods - HS code</p> <p><i>[Supplier shall provide the exact outer box dimensions (cm.) and weight (kg.) of the "the Box" in their response]</i></p> <p><i>[Supplier is encouraged to share a picture of "the Box" which demonstrates the packing and labelling of the same, in the form of Supporting Technical documents]</i></p>	<p><i>[see Special Instructions]</i></p> <p>- length x width x height - CM - weight: KG</p>	Yes	<p>- Pass: Agrees to packing specifications and provides dimensions/weight - Fail: Does not agree to packing specifications</p>		[free text]
B.6.3	<p>Packing / Labelling ("the Pallet"): i. The "Pallet" must be shrink-wrapped in the most environmentally friendly and securely way ii. The "Pallet" should contain only one (1) type of product. iii. The pallet must measure 1200 x 1000 mm (Preferred size), One Way Pallet or 1200 x 800 mm, One Way Pallet (Euro) as per UIC 435-2, Heat treatment according to ISPM 15 iv. The maximum height of the "Pallet" is 110 cm including the pallet. v. The maximum weight of the cargo is 950 kg included the pallet. vi. The Pallet must allow to be handled by fork-lift. vii. Each pallet to be affixed with 2 labels placed to the two short sides of the pallets, outside the plastic wrapping. viii. The pallet labels shall be affixed with a plain text label detailing the following information:</p> <p>- UNHCR logo - UNHCR Product Name: Iris Scanner IriShield BK2021U - UNHCR Product ID: 00008029 - UNHCR Purchase Order Number: (i.e. HQSMS – 0000012345) - UNHCR Purchase Order Number encoded in EAN128 barcodes (i.e. 0000012345) - Iris Scanner IriShield BK2021U Serial No. Range: S/N from no. to no. - UNHCR Consignee address</p>		Yes	<p>- Pass: Agrees to packing specifications - Fail: Does not agree to packing specifications</p>		[free text]
B.6.4	<p>Packing List For single shipment, a detailed packing list must be prepared. The Packing List shall be: a) Shared in PDF format with PO Buyer and all Notification Parties listed on the PO. b) Attached to both short sides of minimum the first pallet of the shipment. Note: For multiple shipments, a separate/individual packing lists must be prepared for each container/truck to ensure a smooth and and correct goods receipt.</p> <p>The packing list shall include the following information:</p> <p>- UNHCR Product Name: Iris Scanner IriShield BK2021U - UNHCR Product ID: 00008029 - UNHCR Purchase Order Number: (i.e. HQSMS – 0000012345) - IriShield BK2021U Serial No. Range: S/N from no. to no. - UNHCR Consignee address - No. of Pallets, Shipping Cartons and boxes contained within the shipment. - Dimensions and weight - Country of Origin of the goods</p>		Yes	<p>In accordance with Annex A-Technical Specifications - Section f.xvii. - Compliant: On Agreement - Non-Compliant: Not on Agreement</p>		[free text]
B.6.5	Supplier may propose alternative greener and eco-friendly solutions which respect the packing requirements outlined herein		No	Not Applicable		[free text]
B.6.6	Other: The supplier may also add any other comments concerning B.6.1 to B.6.5.- Packing and Labelling		No	Not Applicable		[free text]
B.7. Product Life, Warranty, Manufacturing Defects and Returns - [IriShield BK2021U]				UNHCR Technical Evaluation		
Item	Requirement	Supplier Response	Mandatory Criteria	Evaluation Criteria	Evaluation Outcome	Evaluation Comments
B.7.1	<p>Supplier shall detail Shelf Life of the products (in months) and recommended storage conditions.</p> <p><i>[Supplier shall provide Shelf Life information for device and part]</i></p>	<p><i>[see Special Instructions]</i></p>	Yes	<p>- Pass: Information provided by Supplier - Fail: Information not provided by Supplier</p>		[free text]

B.7.2	Supplier shall detail Lifetime of the products (in months) Note: Lifetime is understood as first date of use until the product stops working (due to age, wear & tear, etc.). <i>[Supplier shall provide Lifetime information for device and part]</i>	<i>[see Special Instructions]</i>	Yes	- Pass: Information provided by Supplier - Fail: Information not provided by Supplier	[free text]
B.7.3	Supplier shall detail Warranty Initialization Date Supplier shall detail initialization period (i.e. Upon receipt of PO/goods by UNHCR, Invoice date, dispatch date, etc.) <i>[It is understood the warranty initialization date is the same for device and part; Supplier to elaborate otherwise]</i>	<i>[see Special Instructions]</i>	Yes	- Pass: Information provided by Supplier - Fail: Information not provided by Supplier	[free text]
B.7.4	Supplier shall detail Warranty period coverage (in months) IriShield BK2021U		Yes	- Pass: Information provided by Supplier - Fail: Information not provided by Supplier	[free text]
B.7.5	Warranty Process Information The supplier shall provide a <u>Warranty Process Information Sheet</u> capturing contact information, documentation required to process claims for products reported as faulty - both valid warranty and out of warranty claims -, warranty process flow, modalities of support, and estimated processing times.	<i>[Supporting Technical Documents]</i>	Yes	- Pass: Provides Warranty Process Information Sheet - Fail: Does not provide Warranty Process Information Sheet	[free text]
B.7.6	Supplier agreement to prepare and share Technical Report with UNHCR and Contract Owner (GDS) in the event a manufacturing defects inquiry/return is filed.		Yes	- Pass: Agrees to prepare and share Technical Report - Fail: Does not agree to prepare and share Technical Report	[free text]
B.7.7	Supplier agreement to maintain a log of manufacturing defects inquiry/return claims and associated information Upon request from UNHCR, the Supplier should produce an asset repair event list (within reasonable time) accounting for all return/defect claims made during the contract, inclusive of PO information, warranty coverage, Technical Report reference, and status of the repair/return.		Yes	- Pass: On Agreement - Fail: not On Agreement	
B.7.8	Supplier agreement on full coverage of cost and liabilities arising from the replacement of <u>under warranty faulty equipment</u> to UNHCR field operations, inclusive and not limited to replacement/transportation/handling/clearance cost to/from deployed location. The agreement shall hold true even if the original PO/devices was sent to the central Registration Stockpile in Copenhagen, Denmark (DNKR1), and thereafter deployed to various UNHCR field offices.		Yes	- Pass: On Agreement - Fail: not On Agreement	[free text]
B.7.9	Replacement Equipment In the event of under warranty claim, Supplier shall confirm wether on agreement to lend and dispatch replacement equipment to UNHCR field operations awaiting resulition of repair/returns events. <i>[If an agreement, the supplier shall provide a separate Information Sheet capturing the details and conditions of this modality of support]</i>	<i>[Supporting Technical Documents]</i>	No	- Preferable: On Agreement - Not Preferable: not On Agreement	
B.7.10	Other: The supplier may also add any other comments concerning B.7.1 to B.7.9 - Product Life, Warranty, Manufacturing Defects and Returns		No	Not Applicable	[free text]
