

# TEACHING ABOUT REFUGEES: TEACHING SHEET

## WHERE DO REFUGEES GO?

Watch the video here: [link](#)

**Duration:** 15-20 minutes.

**Materials needed:** a computer, tablet or phone to watch the video; paper and pen.

Use this teaching sheet to teach children basic concepts on refugees, asylum and migration. First watch this **UNHCR animation film** with your pupils and pay close attention. Then follow the instructions below.

**Objective:** to get a global understanding of where refugees go when they flee.

**Age group:** This lesson is suitable for children aged 12 and over and can be used to teach about this subject in any discipline it may be relevant to.

**1:** After watching the animation film, ask your pupils to take a piece of paper and give them following task:

**Write down the five countries you think most refugees go to when they flee.**

**2:** Bring together all answers and read them out to your pupils. Have a discussion and ask the following questions:

**Why do refugees flee their countries?**

**Which country would you go if you would be forced to flee?**

**Where do you think most refugees in your country come from?**

**How did they get to your country?**

**What do refugees learn and do when they come to a new country?**

**3:** Read the following list of the five top countries of destination of refugees to your pupils and compare to the answers they gave in the first task:

1. Turkey
2. Pakistan
3. Uganda
4. Sudan
3. Germany

Next, watch the animation film a second time and look at this fact sheet: [link](#)

**Discuss where refugees go from based on what you've seen in the film. Where are most refugees? Are they in developing countries or in industrialized countries? Do they travel far?**
