

Financial Evaluation Methodology

1. General.

The financial evaluation will be based on the Total Evaluated Cost for the three-year contract period.

All prices shall be submitted by bidders in Jordanian Dinars (JOD). Bidders shall provide unit prices for all maintenance services, spare parts, and replacement equipment listed in the Financial Offer/Price Schedule.

The financial evaluation will be conducted only for bidders who meet the required technical specifications and are considered technically compliant.

2. Maintenance Services.

The maintenance services will be evaluated based on the estimated number of maintenance visits specified in the Financial Offer/Price Schedule.

The annual evaluated maintenance cost shall be calculated as:

Unit Price × Estimated Quantity per Year = Annual Evaluated Maintenance Cost

The estimated maintenance requirements are as specified in the Price Schedule.

3. Spare Parts – Additional Conditions.

- Spare parts prices shall include installation and wiring, where required.
- The bidder shall provide a unit price for each spare part listed in the Price Schedule.
- Suppliers may propose prices for additional spare parts not specifically listed in the Price Schedule where such parts are required for the proper maintenance and operation of the equipment.
- Any additional spare parts or replacement equipment shall be subject to prior approval by UNHCR.
- Currently, spare parts and replacement equipment will be requested only when required and subject to UNHCR approval and applicable procedures.
- The estimated quantities are for financial evaluation purposes only and do not constitute a commitment by UNHCR to purchase the stated quantities.

Financial Evaluation Report

Part 1: Maintenance Service			
#		UoM	QTY
1	Preventive Maintenance – Zaatari Camp	visits	3
2	Emergency/Adhoc Call-Out – Zaatari Camp	visits	1
Part 2: CCTV and Fire Alarm Spare Parts			
A. CCTV Spare Parts		UoM	QTY
1	IP Bullet camera		1
2	IP Dome camera		1
3	55” LED TV Monitor		1
4	NVR 64 channel		1
5	4TB HDD		1
6	24G PoE + Ports Switch		1
7	5-Port POE Switch		1
8	Linkcomn UPS 2000VA		1
9	TP Link CPE outdoor 15Km		1
10	HD 12TB		1
11	Fiber Cables		1
12	columns		1
13	4U Cabinet with Fan and Shelf		1
