

## Online Resources Recommended by UNHCR Malta

UNHCR Malta has compiled a list of online resources on a variety of topics to support refugees, asylum-seekers and migrants during the coronavirus (COVID-19) pandemic.

The internet can provide you with a lot of information and entertainment while you spend more time at home. However, some caution is necessary. At the moment, the fact that people are spending more time online has meant that online predators are more of a threat than ever. Therefore, if you are a parent, we would strongly advise you to always monitor what online activities your children are involved in.

### Audiobooks & E-books

- **Audible.** Free audiobooks for all ages. Available in different languages.
