

Updated COVID-19 Measures

Source: Government of Malta
April 2022

As from the 2nd of May 2022:

- **Masks no longer obligatory**
- **Masks only mandatory inside in:**
Hospitals, clinics, medical institutions, homes for the elderly and flights
- Quarantine reduced to **10 days for positive cases**, irrespective of their vaccination status
- **Primary contacts** do not need to quarantine
- **Household members** of a positive case **do not need to quarantine** (a swab test is recommended after 3 days from contact)
