**JOIN OUR WORKSHOP TO EXPLORE WHAT
“PUTTING PEOPLE FIRST” LOOKS LIKE THROUGH
THE LENS OF AGE, GENDER AND DIVERSITY**

Thursday, June 28, 2018 | 10:30-15:00

**CICG, Conference Room 4
(Lunch Break 12:30-13:00)**

Age, gender and diversity considerations must build on the agency of individuals and include their distinct experiences related to age, gender, sex, sexual orientation and gender identity, disability, ethnicity, nationality, culture, religion, social status and/or other personal characteristics.

- *How do we ensure the participation and inclusion of all age, gender and diversity groups in humanitarian responses?*
- *How do we best address intersecting, overlapping, or conflicting age, gender and diversity-related needs in humanitarian responses?*
