3RP 2016-2017 Strategic Directions

- Strong national leadership of response planning and implementation through the Lebanon Crisis Response Plan (LCRP), Jordan Response Plan (JRP), and 3RP country chapters in Turkey, Iraq and Egypt.
- Enhanced accountability mechanisms, including through coordination, monitoring and evaluation, and two way communication.
- A regional protection framework operationalized and protection principles mainstreamed across all sectors.
- Building on the Dead Sea Resilience Agenda’s principles and actions to inform a more robust resilience-based response to the protracted crisis.
- Investing in livelihoods and employment opportunities to better equip refugees and host community members to provide for themselves and their families.
- Promoting educational opportunities for children and young people in line with the No Lost Generation initiative.
- Continued outreach and partnerships for an innovative and inclusive response.

**UNHCR Lebanon Crisis Response Plan Overview 2016**

**Syrian Refugees Concentration Areas in the Governorates of Lebanon** *(as of November 2015)*

**UNHCR Sector Needs and Key Objectives**

**Protection**
- Increase legal awareness and improve access to legal stay and civil documentation as per Lebanese laws and regulation.
- Strengthen national child protection systems and increase service delivery to vulnerable boys and girls.
- Ensure safe identification, referral and quality services for SGBV survivors.
- Ensure the security of the person from violence, arbitrary detention, exploitation and discrimination.
- Strengthen national systems including Social Development Centers and Community Development Centers to provide holistic and quality services.

**Education**
- Support the enrolment to and retention in formal and non-formal education of school-aged boys and girls.
- Strengthen national education systems, policies, and monitoring.

**Health**
- Ensure access for target populations to a standardized package of basic health services at primary health care level.
- Prevent and control outbreaks of epidemic-prone diseases, especially in high risk areas with the largest displaced Syrian communities.
- Strengthen key institutions for enhanced decentralization and PHCs and public hospitals’ service delivery.

**Livelihoods & Social Cohesion**
- Provide grants coupled with incubation services/training/retraining for Micro, Small and Medium Enterprises.
- Rehabilitate public infrastructure/environmental assets through labour intensive modalities.
- Support the activities and strengthen the capacity of employment services centers and livelihoods centres, the Ministry of Labour and the Ministry of Economy and Trade.

**Basic Assistance**
- Profile the economic vulnerability of households from a multi-sectoral perspective.
- Scale-up the provision of multi-sector cash assistance for the most vulnerable.
- Provide in-kind core relief item kits for households in need and cash, vouchers and in-kind support to seasonal hazards and emergency scenarios affected households.
- Support, expand and strengthen existing social safety net structures.

**Shelter**
- Upgrade shelters to meet minimum standards through minor repairs, or, exchange for affordable occupancy, adequate rehabilitation.
- Assist makeshift shelters in informal settlements to maintain capacity to withstand adverse weather conditions as well as other threats.
- Upgrade, through a bottom-up holistic approach, highly affected neighbourhoods, through shelter and basic infrastructure activities, to assist all vulnerable groups regardless if displaced (SyrDis, PRS) or not (Leb,PRL).
- Enhance the technical capacity of public and private local institutions to participate and support shelter assistance activities.

**Energy & Water**
- Ensure sustainable and equitable access to electricity and safe and sufficient quantities of water for the target population.
- Increase access to improved, sustainable, culturally and gender appropriate sanitation.
- Provide irrigation, flood prevention, storm water management, and drainage services to target population including mitigating risk on the environment.
- Strengthen and harmonize national and local level systems in line with the actuated laws, guidelines and existing national strategies.

UNHCR Sector Needs and Key Objectives

**Protection**
- Refugees fleeing Syria continue to be able to access the territory and receive effective protection under a legal framework.
- Families and communities are strengthened, engaged, and empowered in order to contribute to their own protection solutions, while vulnerable women, boys and men are identified and their needs addressed through appropriate protection and assistance channels.
- The risks and consequences of SGBV experienced by women, girls, boys and men are mitigated, and the access to quality services is improved.
- Girls and Boys affected by the Syria crisis have increased and more equitable access to quality child protection interventions.

**Education**
- Increase the quality of education for Syrian refugee children and youth in protective learning environments, in camps and host communities.
- Promote access to higher education and higher education preparation programmes.

**Health**
- Strengthen coordination of health response to better streamline decision making in partnership with authorities and other actors.
- Continue and strengthen essential health care services (including medication for chronic diseases) for Syrian refugees.
- Strengthen communicable diseases surveillance, detection and response, including immunization.
- Strengthen capacity of health service delivery, health promotion and protection interventions, including SRH, SGBV services and nutrition.
- Improve access to mental health services to refugees.

**Basic Needs**
- Adequate shelter solutions continue to be available in camp and to most vulnerable population in urban areas.
- Targeted populations have continued and equitable support to meet their needs for basic and domestic items.
- Targeted populations live in satisfactory conditions of sanitation and hygiene.

**Livelihoods**
- Improve Livelihoods and living conditions at the local level, including better and decent work conditions both for Syrians and host communities.
