308

Stateless persons in 2021

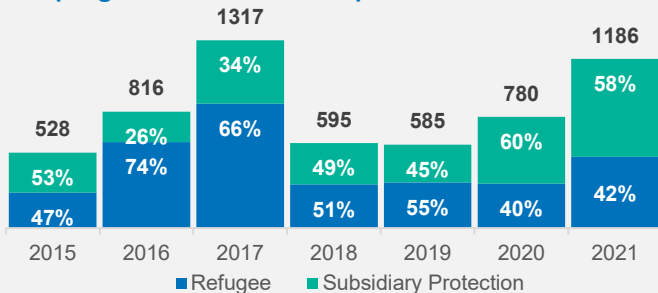

New asylum applications 2008-2021

Top 6 Countries of origin 2017-2021

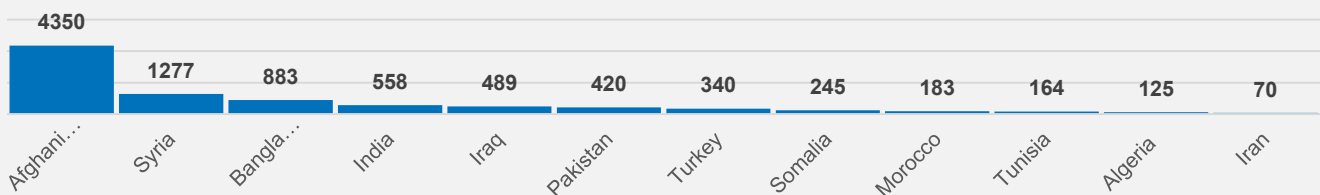

People granted international protection 2015 - 2021

2021: Record number of asylum applications in Romania. The number of asylum applications remained high throughout the first half of the year.

The recognition rate and percentage remained low, mostly due to the high number of people absconding the asylum procedure, which is reflected in the number of withdrawn files.

Main countries of origin 2021
