**Programme du HCR dans le Cadre proposé des  
Nations Unies pour 2026**

*Résumé*

Le présent document contient la version préliminaire du projet de programme du HCR dans le budget-programme proposé par le Secrétaire général pour 2026 (contenu dans l'annexe I).

Ce projet de programme sera examiné par les organes compétents pour approuver le programme du HCR, qui fait partie intégrante du budget ordinaire des Nations Unies, comme le Comité du programme et de la coordination et la Cinquième Commission de l'Assemblée générale des Nations Unies. À l'issue des délibérations de ces organes, le budget ordinaire des Nations Unies sera examiné pour être adopté en décembre 2025 par l'Assemblée générale.

Il est donc demandé au Comité permanent de prendre note du projet de programme en adoptant la décision contenue dans l'annexe II.

## Proposed programme plan for 2026 and programme performance in 2024

### Overall orientation

#### Mandates and background

- 25.1 The Office of the United Nations High Commissioner for Refugees (UNHCR) is responsible for leading and coordinating international action for the protection of refugees and the search for solutions to their plight. Its mandate derives from relevant General Assembly resolutions and decisions, including resolutions 319 A (IV), by which the Assembly established the Office, and 428 (V), which sets out its statute. In addition, the international legal basis for the protection of refugees finds its principal expression in the Convention relating to the Status of Refugees of 1951 and the Protocol relating to the Status of Refugees of 1967. UNHCR also has responsibilities for stateless persons pursuant to paragraph 6 (A) (ii) of its statute and article I (A) (2) of the 1951 Convention with regard to refugees who are stateless, as well as to various Assembly resolutions, including resolutions 3274 (XXIX) and 31/36 in relation to the Convention relating to the Status of Stateless Persons of 1954 and the Convention on the Reduction of Statelessness of 1961. Over the years, the mandate of UNHCR has been extended to other groups through various Assembly resolutions. UNHCR provides protection and assistance to internally displaced persons, working in cooperation with the Under-Secretary-General for Humanitarian Affairs and Emergency Relief Coordinator and in the context of the collaborative response of the United Nations system, as well as with the consent of the State concerned.

### Programme of work

#### International protection, durable solutions and assistance to refugees

##### Objective

- 25.2 The objective, to which this programme contributes, is to ensure international protection for refugees and other persons of concern<sup>1</sup> and to achieve durable solutions to their plight, in cooperation with States and other organizations, without discrimination.

#### Strategy and external factors for 2026

- 25.3 To contribute to the objective, UNHCR will, in close cooperation with national and local authorities, partners in the United Nations system, non-governmental organizations, persons of concern, the private sector, development partners, academia, and other relevant stakeholders:
- (a) Swiftly and effectively respond to humanitarian crises, including in conflict-affected areas, by providing protection, humanitarian and life-saving assistance, while ensuring preparedness measures to respond to new emergencies with agility.
  - (b) Support implementation of the Global Compact on Refugees, follow up on the implementation of pledges made at the 2023 Global Refugee Forum and advocate more active international solidarity and equitable responsibility- and burden-sharing to support communities and countries hosting refugees.

---

<sup>1</sup> Other persons of concern include asylum-seekers, refugee returnees, stateless persons and internally displaced persons.

- (c) Advocate adherence by States to relevant international and regional instruments, including the refugee and statelessness conventions, while promoting and facilitating the admission and reception of refugees in accordance with internationally agreed standards.
  - (d) Enhance protection and assistance for internally displaced persons under the Inter-Agency Standing Committee coordination system, in line with relevant General Assembly resolutions, including [78/205](#)
  - (e) Advocate the prevention and reduction of statelessness, and the protection of stateless persons, including by promoting accession to the relevant international instruments to facilitate the acquisition or confirmation of nationality by stateless persons.
  - (f) Enhance the resilience of forcibly displaced persons and their host communities faced with the adverse effects of climate change and disasters, in consultation with national authorities and in cooperation with competent agencies.
- 25.4 By promoting inclusive and comprehensive approaches, UNHCR will contribute to the relevant goals contained in the 2030 Agenda for Sustainable Development, ensuring that refugees and other persons of concern are not left behind in development processes ([A/AC.96/75/5](#), para. 56 and table I.16).
- 25.5 The above-mentioned work is expected to result in:
- (a) Significant advances in the response to refugee situations through more predictable and equitable burden- and responsibility-sharing and through a multi-stakeholder approach, consistent with the Global Compact on Refugees.
  - (b) Strengthened national asylum systems that are compliant with international legal standards.
  - (c) The advancement of solutions for forcibly displaced people, including voluntary repatriation and, where appropriate and feasible, local integration and resettlement, while reaffirming the importance of support to facilitate sustainable reintegration in countries of origin.
  - (d) Reinforced solutions for stateless people, resulting in previously stateless individuals acquiring nationality or having their nationality confirmed.
  - (e) Improved access to protection and assistance for refugees and asylum-seekers through registration.
- 25.6 With regard to external factors, the plan for 2026 is based on the following assumptions:
- (a) Security conditions shall allow UNHCR to carry out its programmes.
  - (b) Humanitarian access will be granted in most countries, enabling UNHCR to respond to urgent protection and assistance needs.
  - (c) States and the international community at large will remain committed to contributing to and supporting the implementation of the Global Compact on Refugees, including the implementation of pledges made at the Global Refugee Forum.
  - (d) Asylum space and policies will not further restrict admissions in some countries.
  - (e) Voluntary funding from donors will match the budgeted needs to respond effectively and adequately to situations of forced displacement and statelessness.
- 25.7 Regarding cooperation with other entities at global, regional, national and local levels, UNHCR will continue to engage a wide range of partners in programme delivery. The Office will strengthen partnerships with local actors, regional organizations, organizations led by refugees and other persons of concern, and development actors and international financial institutions. This effort aims to advance the inclusion of displaced populations, including through United Nations programmes and national humanitarian and development policies and plans. Additionally, UNHCR will maintain feedback and response mechanisms as a means of consulting displaced and stateless people on its programmes. The Office will continue to invest in private-sector partnerships with a view to securing support for strategic, long-term responses. Efforts to address protection needs by empowering

affected communities and fostering their resilience and self-reliance until durable solutions are found will be a priority.

- 25.8 With regard to inter-agency coordination and liaison, UNHCR will continue to cooperate closely with resident coordinators and humanitarian coordinators to ensure that overarching protection and solutions strategies are comprehensive. UNHCR will closely coordinate with other agencies, leveraging comparative advantages. This approach will strengthen synergies and maximize impact, enhancing inter-agency responses in cooperation with host countries. The Office will engage actively in relevant United Nations fora, including the Inter-Agency Standing Committee and the United Nations System Chief Executives Board for Coordination. Through its Institutional Plan on Solutions to Internal Displacement,<sup>2</sup> UNHCR will step up its engagement in situations of internal displacement.
- 25.9 UNHCR integrates a gender perspective in its operational activities, deliverables and results, as appropriate. UNHCR will remain fully committed to a non-discriminatory approach. The Office will strive to strengthen gender equality, including by preventing, mitigating and responding to gender-based violence against children, and by ensuring access to health care, psychosocial support, safe shelter and legal aid. The Office will also enhance collaboration with women-led organizations and strengthen strategic partnerships with development actors to this end. By addressing these challenges and seizing new opportunities, UNHCR aims to make a lasting impact on the protection of women and girls.
- 25.10 In line with the United Nations Disability Inclusion Strategy, UNHCR will work with a global network of persons of concern who are living with disabilities, in collaboration with relevant organizations. The Office will advocate that their disability considerations be taken into account in the context of international protection and promote their equal rights to social protection schemes.

### **Evaluation activities**

- 25.11 The following evaluations completed in 2024 have guided the proposed programme plan for 2026:
- (a) Evaluations of UNHCR's engagement in situations of internal displacement;
  - (b) UNHCR's decentralization and regionalization reform;
  - (c) Several country strategy evaluations;
  - (d) UNHCR's support to refugee health, education and economic inclusion in West and Central Africa;
  - (e) The inter-agency humanitarian evaluations of humanitarian responses in Afghanistan and Ethiopia;
  - (f) The Djibouti Declaration of the Regional Ministerial Conference on Refugee Education;
  - (g) Joint UNHCR/ UNICEF summative evaluation on best practices for refugee children.
- 25.12 In response to the results of the evaluations referenced above, the global evaluations of UNHCR's engagement in situations of internal displacement and UNHCR's decentralization and regionalization reform are informing the implementation of global strategies in 2026. The inter-agency humanitarian evaluations of humanitarian responses in Afghanistan and Ethiopia are informing UNHCR's engagement under the Inter-Agency Standing Committee, in particular its protection leadership role. Finally, evaluations of UNHCR's support to refugee health, education and economic inclusion in West and Central Africa, the evaluation of the Djibouti Declaration and the joint UNHCR and UNICEF summative evaluation on best practices for refugee children, will inform the planning for those specific programming areas.
- 25.13 Evaluations planned for 2026 include:
- (a) UNHCR's support for refugee employment and economic inclusion;
  - (b) UNHCR's response to emergencies;
  - (c) Additional evaluations will be commissioned to look at specific programming areas as required.

## Programme performance in 2024

### *Increased commitment to address statelessness*

- 25.14 Stateless people often face difficulty accessing basic rights, such as education, health care, employment and freedom of movement. The UNHCR-led #IBelong Campaign to End Statelessness concluded in 2024. Over the ten-year campaign, more than 560,000 stateless persons acquired nationality. The period also saw renewed commitment from States to prevent and respond to statelessness, demonstrated by a 25 per cent increase in accessions to the 1954 and 1961 statelessness conventions and over 500 pledges made through the Global Compact on Refugees by States and other actors.<sup>3</sup> Despite notable progress and commitments, millions of people remain stateless or of undetermined nationality, and children continue to be born into statelessness.
- 25.15 In 2024, UNHCR launched a Global Alliance to End Statelessness.<sup>4</sup> By the end of 2024, over 120 entities, including 23 States and 11 inter-governmental organizations, had become members of the Alliance, signaling continued strong global commitment to addressing statelessness.
- 25.16 Progress towards the objective is presented in the performance measure below (see figure 25.I).

## Planned results for 2026

### **Result 1: Enhanced inclusion of displaced people through digital cash payments**

#### **Programme performance in 2024 and target for 2026**

- 25.17 The programme’s work resulted in 38 per cent of UNHCR's cash recipients receiving cash through their own bank or mobile money account, which exceeded the planned target of 37 per cent.
- 25.18 Progress towards the objective and the target for 2026 are presented in the performance measure below (see figure 25.II).

**Result 2: Increased prevalence of national and local partners in refugee response plans globally**  
**Programme performance in 2024 and target for 2026**

25.19 The programme's work contributed to 39 per cent of national and local partners involved in the refugee response plans globally, which exceeded the planned target of 33 per cent.

25.20 Progress towards the objective and the target for 2026 are presented in the performance measure below (see figure 25.III).

**Performance measure: percentage of local and national operational partners in refugee response plans globally (as a proportion of all partners)**

**Result 3: Strengthened protection and access to services for refugees and asylum-seekers**

**Proposed programme plan for 2026**

25.21 Individual registration, documentation and quality registration data are critical for the delivery of protection and assistance. The Digital Gateway<sup>5</sup> initiative reflects UNHCR's efforts over the past few years to provide online access for displaced people to key information and services. This self-service solution offers functionalities such as scheduling registration appointments, accessing and updating personal data, and communicating with UNHCR through digital platforms. This approach accelerates registration, improves access to services, and redefines how UNHCR will deliver protection and assistance in the future.

*Lessons learned and planned change*

25.22 The lesson of the programme was that the use of digital service tools could enable refugees and asylum-seekers to swiftly access support. The Office gained key insights from deploying Digital Gateway's registration appointment tool in Egypt in response to the Sudan emergency and in Indonesia to enhance registration processes. These initiatives emphasized the need for adaptability and automation to improve the effectiveness of the support. Applying these lessons, further pilot projects in 2025 will test and refine the functionalities across diverse contexts. The outcomes will inform adjustments to ensure the tool is fully optimized for its global rollout in 2026.

25.23 Expected progress towards the objective is presented in the performance measure below (see figure 25.IV)
