Notes:

1. The financial requirements of the Iraq Situation Response include requirements in Iraq, Jordan, Lebanon and Syrian Arab Republic.

2. The percentage funded (34%) and total funding amount (\$26,826,629) are indicative based on the methodology described above. This leaves an indicative funding gap of \$51,394,998 representing 66% of the financial requirements.

3. Contributions to the Iraq Situation Response are shown by the earmarking modality as defined in the Grand Bargain.

4. Due to their earmarking at a related region, sub-region, country or theme, the other softly earmarked contributions listed are those which can potentially be used for the Iraq Situation Response. Where a donor has contributed \$2 million or more, the total amount of the contribution is shown.

5. Contributed without restrictions on its use, unearmarked funding allows UNHCR critical flexibility in how best to reach refugees and other populations of concern who are in the greatest need and at the greatest risk. Where a donor has contributed \$10 million or more, the total amount of the contribution is shown.
