2. The percentage funded (40%) and total funding amount (\$382,237,791) are indicative based on the methodology described above. This leaves an indicative funding gap of \$575,709,313 representing 60% of the financial requirements.

4. Due to their earmarking to a related situation or theme, the other softly earmarked contributions listed are those which can potentially be used in Asia and the Pacific. Where a donor has contributed \$2 million or more, the total amount of the contributions is shown.

5. Contributed without restrictions on its use, unearmarked funding allows UNHCR critical flexibility in how best to reach refugees and other populations of concern who are in the greatest need and at the greatest risk. Where a donor has contributed \$10 million or more, the total amount of the contribution is shown.
