Notes:

- The financial requirements for Burkina Faso are those of the Sahel Situation.
- The percentage funded (32%) and total funding amount (\$35,351,229) are indicative based on the methodology described above. This leaves an indicative funding gap of \$75,052,913 representing 68% of the financial requirements.
- Contributions to Burkina Faso are shown by the earmarking modality as defined in the Grand Bargain.
- Due to their earmarking at the region or sub-region, or to a related situation or theme, the other softly earmarked contributions listed are those which can potentially be used for Burkina Faso. Where a donor has contributed \$2 million or more, the total amount of the contributions is shown.
- Contributed without restrictions on its use, unearmarked funding allows UNHCR critical flexibility in how best to reach refugees and other populations of concern who are in the greatest need and at the greatest risk. Where a donor has contributed \$10 million or more, the total amount of the contribution is shown.
