- Notes:
- The financial requirements for Poland MCO include requirements for the operation's regular programme and the Ukraine Situation.
 - The percentage funded (60%) and total funding amount (\$16,885,464) are indicative based on the methodology described above. This leaves an indicative funding gap of \$11,152,536 representing 40% of the financial requirements.
 - Contributions to Poland MCO are shown by the earmarking modality as defined in the Grand Bargain.
 - Due to their earmarking at the region or sub-region, or to a related situation or theme, the other softly earmarked contributions listed are those which can potentially be used for Poland MCO. Where a donor has contributed \$2 million or more, the total amount of the contributions is shown.
 - Contributed without restrictions on its use, unearmarked funding allows UNHCR critical flexibility in how best to reach refugees and other populations of concern who are in the greatest need and at the greatest risk. Where a donor has contributed \$10 million or more, the total amount of the contribution is shown.
