## Letters of transmittal

11 May 2004

Pursuant to the Financial Rules for Voluntary Funds administered by the Office of the United Nations High Commissioner for Refugees, we have the honour to submit the accounts for the year 2003, certified as correct and approved in accordance with article 11.4 of these Rules.

We confirm, to the best of our knowledge and belief, and having made appropriate enquiries of other officials of the organization, the following representations in connection with your audit of the financial statements of the United Nations High Commissioner for Refugees for the year ended 31 December 2003:

1. We are responsible for preparing financial statements that properly present the activities of the organization and for making accurate representations to you. All the accounting records have been made available for the purposes of your audit and all the transactions by the organization that properly occurred in the financial period have been properly reflected and recorded in the accounting records. All other records and related information have been made available to you.
2. The financial statements were prepared in accordance with:
  - (a) The United Nations system accounting standards;
  - (b) The Financial Regulations of the United Nations;
  - (c) The Financial Rules established by the High Commissioner, in consultation with the Executive Committee;
  - (d) The accounting policies of the organization, as summarized in note 2 to the financial statements, and these accounting policies have been applied on a basis consistent with the preceding financial periods.
3. The non-expendable property disclosed in note 11 to the financial statements was owned by the organization and was free from any charge. The cost of the non-expendable property in existence at 31 December 2003, as disclosed in the note, was fairly stated.
4. The cash and inter-agency balances recorded are expected, in our opinion, to produce substantially the amounts at which they are stated.

The Chairman of the United Nations  
Board of Auditors  
United Nations  
New York

5. All material accounts receivable have been included in the financial statements, and represent valid claims against debtors. Apart from the estimated uncollectable amounts, recorded under the provision for doubtful accounts receivables, we expect all significant amounts receivable at 31 December 2003 to be collected.
6. All known accounts payable have been included in the accounts.
7. The unliquidated obligations recorded represent valid commitments of the organization and were established in accordance with the Financial Rules.
8. All material, legal or contingent liabilities have been appropriately reflected in the financial statements.
9. Except as disclosed in the financial statements, the financial position of the organization was not materially affected by:
  - (a) Charges or credits relating to prior years;
  - (b) Any changes in the basis of accounting.
10. All expenditure reported in the period was incurred in accordance with the financial regulations of the organization and any specific donor requirements.
11. All commitments against resources of future financial periods have been disclosed as required by the United Nations system accounting standards.
12. We further confirm that all losses of cash or receivables, ex gratia payments, presumptive fraud and fraud, wherever incurred, were communicated to the Board of Auditors.
13. Disclosure was made in the accounts of all matters necessary for the financial statements to present fairly the results of the transactions in the period.
14. There have been no events since the date of the statement of assets and liabilities that necessitate revision of the figures included in the financial statements or a note thereto.

(Signed) Saburo **Takizawa**  
Controller and Director

Division of Financial and Supply Management

(Signed) Ruud **Lubbers**  
United Nations High Commissioner for Refugees

9 July 2004

I have the honour to transmit to you the financial statements of the voluntary funds administered by the United Nations High Commissioner for Refugees for the financial period ended 31 December 2003, which were submitted by the High Commissioner. These statements have been examined by the Board of Auditors.

In addition, I have the honour to present the report of the Board of Auditors with respect to the above accounts, including an audit opinion thereon.

*(Signed)* Shauket A. **Fakie**  
Auditor-General of the Republic of South Africa  
and Chairman  
United Nations Board of Auditors

The President of the General Assembly  
of the United Nations  
New York

## Chapter I

### Audit opinion

We have audited the accompanying financial statements of the voluntary funds administered by the United Nations High Commissioner for Refugees, comprising statements numbered I to III, schedules numbered 1 to 5, and the supporting notes for the year ended 31 December 2003. These financial statements are the responsibility of the High Commissioner. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the common auditing standards of the Panel of External Auditors of the United Nations, the specialized agencies and the International Atomic Energy Agency and conforming with international standards on auditing. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, and as considered by the auditor to be necessary in the circumstances, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the High Commissioner, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for the audit opinion.

In our opinion, these financial statements present fairly, in all material respects, the financial position as at 31 December 2003 and the results of operations and cash flows for the period then ended in accordance with the United Nations High Commissioner for Refugees stated accounting policies set out in note 2 of the financial statements, which were applied on a basis consistent with that of the preceding financial period.

Furthermore, in our opinion, the transactions of the High Commissioner for Refugees Fund that have come to our notice or which we have tested as part of our audit have, in all significant respects, been in accordance with the Financial Regulations and legislative authority.

In accordance with article VII of the Financial Regulations, we have also issued a long-form report on our audit of the financial statements of the voluntary funds administered by the United Nations High Commissioner for Refugees.

*(Signed)* Shauket A. **Fakie**  
Auditor-General of the Republic of South Africa

*(Signed)* Guillermo N. **Carague**  
Chairman, Philippine Commission on Audit

*(Signed)* François **Logerot**  
First President of the Court of Accounts of France

9 July 2004

*Note:* The members of the Board of Auditors have signed only the original English version of the audit opinion.

## Chapter II

### Statement of the High Commissioner's responsibilities and approval of the financial statements

The United Nations High Commissioner for Refugees is ultimately responsible for the content and integrity of the financial statements contained in the accounts of the voluntary funds administered by the United Nations High Commissioner for Refugees which are submitted to the Executive Committee of the High Commissioner's Programme and to the General Assembly of the United Nations.

To fulfil its responsibility, UNHCR operates within prescribed accounting policies and standards and maintains systems of internal accounting controls and procedures to ensure the reliability of financial information and the safeguarding of assets. The internal control systems and financial records are subject to reviews by the Office of Internal Oversight Services and the United Nations Board of Auditors, during their respective audits.

In this context, the following financial statements, comprising statements I to III, schedules 1 to 5, annexes I and II, an appendix and supporting notes, were prepared in accordance with UNHCR financial rules (A/AC.96/503/Rev.7) and the United Nations common accounting standards. In the opinion of management, the accompanying financial statements present fairly the financial position of the Office as of 31 December 2003, and the results of its operations and its cash flows of individual Programmes, Funds and Accounts for the year then ended.

The accounts are hereby

Approved:

(Signed) Ruud **Lubbers**  
United Nations High Commissioner for Refugees

Certified:

## **Statement of objectives and activities of the Office of the United Nations High Commissioner for Refugees**

The basic mandate of UNHCR is found in the statute of the Office of the United Nations High Commissioner for Refugees (General Assembly resolution 428 (V)). According to the statute, the United Nations High Commissioner for Refugees, acting under the authority of the General Assembly, shall assume the function of providing international protection, under the auspices of the United Nations, to refugees who fall within the scope of the present statute and of seeking permanent solutions for the problem of refugees.

The General Assembly has also called upon the High Commissioner to provide assistance to returnees, as well as to monitor their safety and well-being on return (General Assembly resolution 40/118). In addition, on the basis of specific requests from the Secretary-General or the competent principal organs of the United Nations, and with the consent of the State concerned, UNHCR provides humanitarian assistance and protection to internally displaced persons (General Assembly resolution 48/116). As regards the assistance activities of UNHCR, the basic provisions of the statute have been expanded by General Assembly resolution 832 (IX).

## **Notes to the financial statements**

### **Note 1**

#### **Office of the United Nations High Commissioner for Refugees and its activities**

The Office of the United Nations High Commissioner for Refugees (UNHCR) was established by the General Assembly in its resolution 319 A (IV) of 3 December 1949. Its statute was approved by the Assembly in resolution 428 (V) of 14 December 1950.

The overall objectives of UNHCR are to provide international protection to refugees and to seek durable solutions to refugee problems. UNHCR seeks to safeguard the fundamental principles of asylum and non-refoulement and to ensure that the basic rights of refugees are respected and that they are treated in a dignified and humane manner. UNHCR has also developed, at the request of the General Assembly and the Governments concerned, substantial material assistance programmes to meet refugee needs. Subsequent resolutions of the General Assembly, the Economic and Social Council and the Executive Committee of the High Commissioner's Programme have called upon the Office, in the context of its basic mandate, to assist other groups of persons regarded as falling within the concern of the High Commissioner. In complex humanitarian emergencies, UNHCR also contributes to the provision of humanitarian assistance.

The High Commissioner reports annually to the General Assembly through the Economic and Social Council. The Executive Committee of the High Commissioner's Programme was established pursuant to General Assembly resolution 1166 (XII) of 26 November 1957 to advise the High Commissioner in the exercise of his or her functions and to approve the use of voluntary funds made available to the High Commissioner. The annual cycle of meetings of the Executive Committee consists of one annual plenary session and a number of intersessional meetings of the Standing Committee of the Whole. In 2003 the Executive Committee consisted of 64 member countries. Each year the report on the session of the Executive Committee is submitted to the General Assembly as an addendum to the annual report of the High Commissioner.

A United Nations regular budget line, which amounted to \$28,227,329 in 2003, supported 220 posts in UNHCR. This includes the staff costs and related costs of the High Commissioner and the Deputy High Commissioner's posts. It also includes staff costs and related costs of 218 posts under Management and Administration in UNHCR.

### **Note 2**

#### **Summary of significant accounting policies**

##### **(a) Financial rules for voluntary funds**

The accounts of UNHCR voluntary funds are maintained in accordance with the Financial Rules for Voluntary Funds administered by the High Commissioner (A/AC.96/503/Rev.7) approved by the Executive Committee at its fiftieth session (hereinafter referred to as the Financial Rules). The financial statements and schedules also conform to the common accounting standards for the United Nations system (A/48/530, annex), as noted by the

General Assembly in its resolution 48/216 C of 23 December 1993 and as subsequently revised.

The financial year for the voluntary funds administered by the High Commissioner for Refugees runs from 1 January to 31 December.

**(b) Fund accounting**

The accounts of UNHCR are maintained on a “fund accounting” basis. Separate funds for general and special purposes are established in accordance with the Financial Rules.

Each fund is maintained as a distinct financial and accounting entity with separate self-balancing double-entry groups of accounts. Separate financial statements are prepared for each fund or for a group of funds of the same nature.

Transfers within the same fund, or allocations between different funds can be authorized by the High Commissioner, in accordance with the Financial Rules.

**(c) Use of estimates**

Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Estimates are used in the context of expenditure recognition, in particular, but not exclusively, at the end of the financial period to determine the amounts to be retained in respect of unliquidated obligations.

**(d) Funds**

Funds reported in the accounts are the following:

(i) The *Working Capital and Guarantee Fund* has an established ceiling of \$50 million approved by the Executive Committee and is maintained by income from interest on invested funds and savings from prior years’ programmes. The Fund is utilized to replenish the Annual Programme Fund and to meet essential payments for projects pending receipt of contributions pledged or anticipated.

(ii) The *Annual Programme Fund* covers the financial activities that are approved annually by the Executive Committee for programmed activities for individual countries or areas and for certain costs incurred by Headquarters. It also includes the operational reserve that is established at an amount equivalent to 10 per cent of the programmed activities in the annual programme budget. The High Commissioner may make allocations from the operational reserve to other parts of the annual programme budget and to supplementary programmes.

(iii) The *Supplementary Programme Fund* accounts for moneys available for activities arising after the approval of the annual programme budget and which cannot be fully met from the operational reserve. When supplementary programmes become part of the annual programme budget, the respective balances of the supplementary programme are transferred to the annual programme fund. Furthermore, at the end of 2002, a supplementary

budget support cost system was introduced in UNHCR: document EC/53/SC/INF.4 and the UNHCR annual programme budget 2004 (A/AC.96/979, para 26) provide the background.

(iv) *Trust Funds* under both the annual programme and the supplementary programme cover activities for which UNHCR received monies from donors without assuming ownership of the funds. In 2003, UNHCR administered the following four trust funds: 1. Reproductive health in communities in crisis; 2. Addressing micro-nutrient deficiency in refugee situations; 3. Secretariat for the Commission on Human Security; 4. Advisory Board on Human Security. 1 and 2 are funded from the United Nations Fund for International Partnerships project and 3 and 4 from the United Nations Trust Fund for Human Security project for emergency training for the Asian and Pacific region.

(v) The *Junior Professional Officers Fund* covers financial activities exclusively allocated for the training and development of young professionals sponsored by various Governments.

(vi) The *Medical Insurance Plan* was established by the General Assembly at its forty-first session in accordance with the United Nations staff regulation 6.2. The objective of the fund is to assist subscribers and eligible family members in meeting expenses incurred for certain health services, facilities and supplies arising out of sickness, accident or maternity. The Plan is maintained by premiums from field staff and related contributions from UNHCR, as well as by interest income. Payments are based on claims processed during the year to cover field staff medical costs. Coverage under the Plan is limited to locally recruited General Service staff and National Professional Officers in the field. (All other staff members are covered by the United Nations Office at Geneva (UNOG) insurance scheme, the United Nations Staff Mutual Insurance Society against Sickness and Accident (UNSMIS), whose operations are reflected in the United Nations financial statements.

**(e) Translation of currency**

The accounts are presented in United States dollars. In the field offices, the accounts may be maintained in the national currency of the country concerned. All transactions are translated into United States dollars using the United Nations operational rates of exchange, as established by the United Nations Controller, in effect at the date of the transaction. At the balance sheet date, all asset and liability balances are revalued using the United Nations official exchange rate as of 31 December.

**(f) Voluntary contributions and pledges**

Voluntary contributions from Member States and other donors are recorded as income upon receipt or on the basis of a written pledge from the donor. Pledges from Governments are fully recognized as income at the time of acceptance of the pledge. In the interest of prudent financial management, up to one half of the value of firm pledges made by organizations of established repute are recognized as income at the time the pledge is accepted.

Contributions in kind are classified either as budgetary or extrabudgetary. Budgetary contributions in kind replace commodities that have been budgeted for and that would have been purchased by UNHCR or one of its implementing partners in the normal execution of the programme.

Contributions in kind are recorded in the accounts, at fair market value, when the goods or services are received. Extrabudgetary in kind contributions are those for which UNHCR has not made a budgetary provision. These are offers of additional materials or services that are considered by UNHCR to be complementary to programmed activities and in line with the mandate of the organization. Extrabudgetary contributions in kind are not recorded in the accounts but are listed in the appendix to the financial statements.

Cash received against pledges is recorded at the United States dollar equivalent, calculated using the United Nations operational rate of exchange prevailing on the date of receipt, as explained in note 2 (e) above.

Pledges due are written off after five years unless the donor has reconfirmed the commitment in writing not more than 18 months before the end of the accounting period.

**(g) Interest Income**

Interest income includes all interest from various bank accounts and investment income earned on invested funds. Financial rule 9.3 specifies the conditions for recording investment income and provides, inter alia, that income from investments shall be credited to the Annual Programme Fund, unless required to maintain the Working Capital and Guarantee Fund.

**(h) Currency exchange adjustments**

Currency exchange adjustments include exchange losses and gains on transactions, and losses and gains from the revaluation of year-end asset and liability balances, based on the United Nations operational rate of exchange. Apart from the unrealized gains or losses on contributions receivable, which are charged to the respective funds, exchange differences are charged to the Annual Programme Fund, unless required to maintain the Working Capital and Guarantee Fund.

**(i) Miscellaneous income**

Miscellaneous income includes income from the sale of used or surplus property and the settlement of insurance claims. The annual programme includes, as miscellaneous income, net recoveries relating to the transfer of emergency stockpile items to operational projects.

**(j) Expenditure**

Project expenditure reflects the amounts obligated according to article 8 of the Financial Rules. The High Commissioner may incur obligations for the implementation of projects to the extent that monies and governmental pledges are available in the appropriate fund or account. Whenever possible and appropriate, the implementation of projects is entrusted to implementing partners, for example governmental, intergovernmental or non-governmental bodies, private firms or individual experts, in accordance with the terms of an agreement or a formal exchange of letters. Projects may also be implemented in accordance with the terms of a letter of instruction to the responsible officer or organizational unit of UNHCR.

**(k) Deferred charges**

In accordance with United Nations system accounting standards (para. 41), the organization has recorded commitments incurred against future financial periods as deferred charges (see note 12 below).

**(l) Ex gratia payments**

The granting of ex gratia payments is governed by rule 10.5 of the Financial Rules. Ex gratia payments are approved by the Controller up to an amount not exceeding \$5,000, when such payments are considered desirable in the interest of the organization. Payments over \$5,000 require the personal approval of the High Commissioner. A statement of ex gratia payments, if any, is submitted to the Board of Auditors with the annual accounts. In 2003, UNHCR made ex gratia payments totalling \$19,426.

**(m) Write-offs**

Write-offs due to loss of cash or of the book value of accounts receivable, including the conversion of loans into grants, is governed by financial rule 10.6. At UNHCR, write-offs are recorded as adjustments to prior-years' expenditures. The writing off of amounts up to \$10,000 can be approved by the Controller after a full investigation. Amounts over \$10,000 require the approval of the High Commissioner. A statement of all amounts written off is submitted to the Board of Auditors with the annual accounts.

The writing-off of losses of UNHCR property is governed by financial rule 10.7, which provides that the Controller may authorize such write-offs after a full investigation of each case.

**(n) Provision against doubtful accounts receivable**

UNHCR provides for an allowance for doubtful accounts receivable equal to the estimated uncollectible amounts.

**(o) Non-expendable property**

The definition of non-expendable property is assets with an original purchase price greater than or equal to \$1,500 and a useful life greater than or equal to five years, and all special items. Special items include vehicles, computer equipment, plant and equipment, boats, telecommunications equipment, security equipment and generators, with a minimum acquisition value of \$100.

In accordance with United Nations system accounting standards, non-expendable property purchased with UNHCR voluntary funds is not included in the fixed assets on the balance sheet, but is charged as expenditure to the appropriate project in the year of acquisition. The inventories are recorded at the United States dollar equivalent calculated at the rate of exchange prevailing on the date of purchase. For valuation purposes, depreciation is computed using the straight-line method over the estimated useful life of the related assets.

**Note 3**

**Working Capital Fund**

In accordance with the Financial Rules, article VI, paragraph 6.4, UNHCR utilized \$28 million from the Working Capital and Guarantee Fund at

28 November 2003 to fund obligations pending the receipt of anticipated contributions. As a result of pledges received before 31 December 2003, UNHCR was able to refund the full amount within the financial year.

**Note 4**

**Transfers between programmes and funds**

(a) In line with note 2 (d), an amount of \$24,082,000 was transferred from the Supplementary Programme Fund to the Annual Programme Fund. Of this amount, \$5,476,000, representing fund balances for supplementary programmes that became part of the annual programme, were transferred from the Supplementary Programme Fund to the Annual Programme Fund at the beginning of the year. In addition, UNHCR has established a supplementary programme budget for which expenditure in 2003 totalled \$235 million. Of the total contributions to the supplementary programme budget, an amount of \$18,606,000 representing support costs has been transferred to the Annual Programme Fund. This amount is reflected under transfers from the Supplementary Programme Fund to the Annual Programme Fund.

(b) In line with note 2 (b), an amount of \$10,296,000 was transferred from the Annual Programme Fund to the Supplementary Programme Fund during 2003. Some supplementary programmes experienced a shortfall in funding during the course of their implementation in 2003. As such, allocations from the operational reserve were approved to cover emergency requirements while awaiting contributions. At year-end 2003, a total amount of \$10,296,000 remained uncovered by contributions to the supplementary programmes. This amount is reflected under transfers to and from other funds and operational reserve.

**Note 5**

**Breakdown of expenditure**

The following table shows the total UNHCR expenditure in 2003, broken down between funds and category.

Table V.1  
**UNHCR expenditure in 2003**

(In thousands of United States dollars)

	<i>Programme (a)</i>	<i>Programme support (b)</i>	<i>Management and administration (c)</i>	<i>Total</i>
Annual programme	471 207	199 145	43 132	713 484
Annual Programme – Trust	1 146	161	0	1 307
Supplementary Programme	213 345	18 883	0	232 228
Supplementary Programme – Trust	370	0	0	370
<b>Subtotal</b>	<b>686 068</b>	<b>218 189</b>	<b>43 132</b>	<b>947 389</b>
Junior Professional Officers Fund (d)				7 376
Working Capital and Guarantee Fund				1 008
Medical Insurance Plan (e)				1 634
<b>Grand total</b>				<b>957 407</b>

(a) (i) The expenditure under the programme corresponds to the direct financial inputs needed used to achieve the objectives of a specific project or programme, including the costs of experts, support personnel, supplies and equipment, subcontracts, cash assistance and individual or group training.

(a) (ii) The expenditure amount under "Programme" in the above table, includes instalments paid to implementing partners during 2003. Implementing partners are required to report on disbursements made against instalments received from UNHCR, at established reporting dates. In 2003, UNHCR disbursed a total of \$304.6 million as instalments to implementing partners, of which \$185.7 million have been reported as at 31 December 2003, leaving a balance of \$118.9 million for which implementing partners will submit reports in 2004 as and when due, in accordance with the terms and conditions of project sub-agreements between UNHCR and the implementing partners.

(a) (iii) Of the instalments reported by the implementing partners, an amount of \$70 million corresponds to salaries and other staff costs incurred. A further \$5 million of programme expenditure relates to similar staff costs under the United Nations Volunteers scheme.

(b) The expenditure under "Programme support" corresponds to the costs of organizational units the primary functions of which are the formulation, development, delivery and evaluation of UNHCR programmes, including those units that provide backstopping of programmes on a technical, thematic, geographic, logistical or administrative basis.

(c) The expenditure under "Management and administration" corresponds to the costs of organizational units the primary function of which is the maintenance of the identity, direction and well-being of UNHCR, including the units that carry out the functions of executive direction, organizational policy and evaluation, external relations, information and administration.

(d) Junior Professional Officers Fund

The following table shows the expenditure, by region, under this fund, as well as the fund balance at the end of 2003.

Table V.2  
**Expenditure under the Junior Professional Officers Fund**  
(In thousands of United States dollars)

	<i>Disbursements</i>	<i>Unliquidated obligations</i>	<i>Total</i>
Africa	2 075 930	56 359	2 132 289
Europe	1 813 047	34 797	1 847 844
Central Asia, South-West Asia, North Africa and the Middle East	535 822	4 575	540 397
The Americas	254 658	12 749	267 407
Asia and the Pacific	895 440	32 966	928 406
Headquarters	1 596 150	64 175	1 660 325
<b>Total</b>	<b>7 171 047</b>	<b>205 621</b>	<b>7 376 668</b>

	<i>Disbursements</i>	<i>Unliquidated obligations</i>	<i>Total</i>
<b>Reserve and funds balances as at 1 January 2003</b>			<b>6 377 436</b>
<b>Funds received in 2003</b>			<b>8 050 410</b>
<b>Total expenditure</b>			<b>-7 376 668</b>
<b>Other adjustments</b>			<b>186 179</b>
<b>Adjustment to prior year contribution</b>			<b>-13 402</b>
<b>Reserve and fund balances as at 31 December 2003</b>			<b>7 223 955</b>

(e) Medical claims

In 2003, the Medical Insurance Plan received a total income of \$3,285,897 from premiums and \$216,650 in interest earned. Under this plan, UNHCR paid out to its subscribers an amount of \$1,633,399 in medical claims.

**Note 6**

**Accounts receivable**

(i) Provision:

Accounts receivable are presented in the statement of assets, liabilities, reserves and fund balances net of a provision for doubtful accounts receivable.

During 2003, provisions of \$2,696,404 were created and charged in relation to the following:

Implementing partners balances	\$825,120
Bank balances	\$1,250,675
VAT	\$620,609

(ii) Due from implementing agencies:

The increase of receivables from implementing partners between 2002 and 2003 (\$1,170,686) was largely related to the change from the legacy system (FMIS) to Peoplesoft software. For the 2003 closure, the aggregated amounts of unreported or unspent implementing partner balances from 1994 to 2002 were transferred to this receivable account. This treatment will allow follow-up of these outstanding balances and also better reflects the nature of such balances as being receivable after a longer time period.

**Note 7**

**Write-offs during 2003**

Liquid assets	\$601,349
Non-liquid assets	\$1,277,839
Total	\$1,879,188

During 2003 UNHCR had to write-off a total amount of \$601,349 in respect of unrecoverable balances due from various entities and theft or losses of cash that occurred in various locations where UNHCR operates.

\$290,704 of this had been provided for in 2002 and related to the write-off of long outstanding amounts under payments to implementing partners

from 1994 to 2001. All efforts undertaken to obtain reports on and/or recover the outstanding balances paid to implementing partners yielded no result.

A further \$37,511 provided for in 2002 related to the write-off of long outstanding amounts of VAT as reported through the Headquarters Asset Management Board.

The remaining \$273,134 related to the write-off of receivables for which no prior provision had been made, as well as losses due to theft, looting, etc. as reported through the Headquarters Asset Management Board.

A further total of \$1,277,839 for non-liquid assets was written off during 2003.

**Note 8**

**Cash and term deposits**

The amount shown for cash and term deposits represents the net total of all cash balances (including funds held in non-convertible currencies), less any overdrafts.

Table V.3 shows the breakdown between current and deposit accounts for the years 1999 to 2003.

Table V.3

–Major aid programmes	\$777 016	
–Other trust funds	<u>396</u>	
	<b>\$777 412</b>	

## Note 12

### Other assets: deferred charges

The increase in other assets reflected the increase in deferred charges recorded in UNHCR accounts related to multi-year contractual agreements. In particular, in 2003 UNDP and UNHCR signed a memorandum of understanding on sharing outsourcing services for their respective PeopleSoft Enterprise Resource Planning (ERP) project/Management Systems Renewal Project (MRSP). The UNHCR share of the costs is 72 monthly instalments, which began in November 2003. The charges incurred against future financial years of \$4,191,560 as at 31 December 2003 have been recorded in the financial statements, in order to present a true and fair view of the financial position of the organization regarding MSRP outsourcing services.

## Note 13

### Non-expendable property

As of 31 December 2002, the acquisition value of non-expendable property recorded in the UNHCR AssetTrak database was \$288,775,067 and the depreciated value was \$66,089,862.

On 31 December 2003, the acquisition value of non-expendable property recorded in the AssetTrak database was \$385,261,292 and the depreciated value was \$120,307,163.

The increase in both the historical value and the depreciated value demonstrates the continuing efforts of UNHCR in recording and monitoring its non-expendable property. While these values are not yet comprehensive, it is estimated that they represent 48 per cent of headquarters items by number and include data from 138 of the 200 field offices. The introduction of the asset management module in Peoplesoft will integrate this area into the UNHCR accounting and purchasing system, which will lead to enhanced reliability of such records in future.

**Note 14**  
**Accounts payable**

The accounts payable include, inter alia, the following amounts due to other agencies:

<i>United States dollars</i>	
Other agencies:	
United Nations Office at Geneva	2 356 837
United Nations Development Programme	5 441 521
United Nations Headquarters	972 582
United Nations Volunteers	378 817
United Nations Children's Fund	32 588
International Organization for Migration	24 622
International Catholic Migration Commission	21 988
<b>Agency subtotal</b>	<b>9 228 955</b>
Staff related:	
Payroll (GS)	2 042 312
Payroll (P)	1 342 421
Death benefit	200 000
Payroll (United Nations Joint Staff Pension Fund)	54 041
Others	899 872
<b>Total</b>	<b>13 767 601</b>

The above-mentioned balance with UNOG includes UNHCR payroll and other staff costs (\$1,420,165) and repatriation grants (\$936,672) for former UNHCR staff. The UNOG amount payable in 2002 was \$5 million. With the assumption of the payroll function by UNHCR on 1 January 2004, \$1,102,886 (including the repatriation grants) of the above-mentioned UNOG balance became a payable due directly to UNHCR staff or former staff.

The above-mentioned balance with UNDP includes \$4,191,560 due under the memorandum of understanding on sharing outsourcing services for the UNHCR and UNDP Peoplesoft (ERP/MSRP) projects for which a related deferred charge has been set up (see note 12).

**Note 15**

**Liabilities for end-of-service and post-retirement benefits**

In accordance with the United Nations common practice, UNHCR has not specifically recognized in any of its financial accounts liabilities for after-service health insurance costs or the liabilities for other types of end-of-service payments that will be owed when staff members leave the organization. Therefore, UNHCR has not created any reserve to fund these liabilities. Such expenses are budgeted for in the corresponding operations budget and the actual costs incurred in each financial period, when staff members terminate, are reported as current year expenditure.

**(a) After-service health insurance**

The financial dimension of the organization's liability for after-service health insurance has been estimated by a consulting actuary. On the basis of that study, it has been estimated that the UNHCR liability for after-service health insurance as of 31 December 2003 is as follows:

	<i>Present value of future benefits</i>	<i>Accrued liability</i>
Gross liability	\$258 916 000	\$184 844 000
Offset from retiree contributions	\$69 682 000	\$48 739 000
<b>Net liability</b>	<b>\$189 234 000</b>	<b>\$136 105 000</b>

The present value of future benefits is the discounted value of all benefits to be paid in the future to all current retirees and active staff expected to retire in the future. The accrued liabilities represent that portion of the present value of benefits that has accrued from the staff member's date of entry on duty until the valuation date. Active staff members' benefits are fully accrued when staff members have reached the date of full eligibility for after-service benefits. The liabilities were valued based on a discount rate of 5.5 per cent.

**(b) Accrued annual leave**

Terminating staff are entitled to payment for any unused vacation days they may have accrued up to a maximum of 60 days. The organization's total liability for such unpaid accrued vacation compensation is estimated to be \$25 million approximately.

**(c) Termination benefits**

In line with the Staff Regulations and Rules of the United Nations, some staff members are entitled to a repatriation grant and reimbursement of related relocation expenses upon termination of their employment with the organization, based on the number of years of service. The organization's total liability at the end of 2003 for such unpaid repatriation and relocation entitlement is estimated to be \$129 million. This estimate has been based on the actual number of UNHCR staff by duty station and representative averages for both salaries and years of service.

**(d) Pension plan**

UNHCR is a member organization participating in the United Nations Joint Staff Pension Fund, which was established by the United Nations General Assembly to provide retirement, death, disability and related benefits. The Pension Fund is a funded defined benefit plan. The financial obligation of the organization to the Fund consists of its mandated contribution at the rate established by the General Assembly together with any actuarial deficiency payments under article 26 of the Regulations of the Fund. Such deficiency payments are only payable if and when the General Assembly has invoked the provision of article 26, following determination that there is a requirement for deficiency payments based on an assessment of the actuarial sufficiency of the Fund as of the valuation date. At the time of this report, the General Assembly has not invoked this provision. The result of the actuarial valuation as of 31 December 2001 was an actuarial surplus of 2.92 per cent of pensionable remuneration.
