Admission Pathways
Strengthen the secondary to tertiary transition, particularly for women, by investing in alumni networks and college counselors and by providing transparent information on access to higher education.

Accessibility & Inclusion
Promote inclusion of persons with disabilities, female leadership, and accessible language and ICT learning opportunities.

Policy & Advocacy
Advocate for inclusive policies, replace restrictive documentation and credential validation processes, and coordinate with development actors to include refugees in national development plans.

Monitoring & Reporting
Build a standard reporting framework to collect and share reliable application, enrolment, cost and entitlement data.

Financial Inclusion
Reduce financial barriers by increasing scholarships and financial support for refugees while providing cash-based opportunities for higher education directly to students.
