II. Budgets and funding for 2016

Total requirements

3. The Executive Committee, at its sixty-sixth session in October 2015, approved the original annual budget for 2016 of US\$ 6,546.3 million². At its sixty-seventh session in October 2016, the Executive Committee approved the revised annual budget of US\$ 7,184.7 million³, incorporating additional needs up to 30 June 2016. The final annual budget of US\$ 7,509.7 million for 2016 represents the sum of the approved original budget of US\$ 6,546.3 million and the total additional needs identified during the course of the year (nine supplementary budgets totalling US\$ 1,006.8 million), and reflects a budget reduction of US\$ 43.4 million.

Supplementary budgets

4. At the sixty-seventh meeting of the Standing Committee in September 2016, UNHCR reported that seven supplementary budgets had been established, amounting to US\$ 826.3 million, as at 31 July 2016. Subsequently, one of the existing supplementary budgets, for the South Sudan situation, increased by US\$ 37.5 million, while two new supplementary budgets, totalling US\$ 143.0 million (US\$ 131.5 million for the Afghanistan repatriation from Pakistan and US\$ 11.5 million for the Nigeria situation), were established.

¹ Please note that the totals presented in some of the tables of this report may not add up due to rounding.

² See A/AC.96/1147.

³ See A/AC.96/1158.

The overall requirements in supplementary budgets for 2016 amounted to US\$ 1,006.8 million. Details of the distribution of supplementary budgets for 2016 by activity, region and subregion, and pillar are shown in annex IV. An overview of supplementary budgets by situation is also provided in table II.1 below.

10. Prior to the closure of accounts, expenditure for 2016 is provisionally estimated at US\$ 3,967.1 million. When compared to the US\$ 3,294.8 million in expenditure in 2015, expenditure in 2016 increased by approximately US\$ 672.3 million, or 20.4 per cent.

11. The carry-over into 2017 is projected to be in the order of US\$ 468.5 million, which includes funds already earmarked for specific operations, to be implemented in 2017.

12. The preliminary financial analysis for 2016, as described above, is summarized in table II.3 below.

III. Overview for 2017

Total requirements

13. The original annual budget for 2017, as approved by the Executive Committee at its sixty-sixth session in October 2015, was US\$ 6,408.5 million. At its sixty-seventh session in October 2016, the Executive Committee approved a revised budget of US\$ 7,309.7 million for 2017, based on updated assessed needs. As at 31 January 2017, two supplementary budgets, totalling US\$ 319.2 million, had been established and a budget reduction of US\$ 178.4 million was implemented, leading to a current total budget for 2017 of US\$ 7,450.6 million.

Supplementary budgets

14. The two new supplementary budgets referred to above were established in accordance with the UNHCR financial rules, article 7.5. The total amount of US\$ 319.2 million comprised US\$ 40.8 million for the Nigeria situation and US\$ 278.4 million for the South Sudan situation, as shown in table III.1 below.

Budget reduction

15. The budget reduction of US\$ 178.4 million for 2017 relating to the Syria situation, is the outcome of in-depth, country-wide, inter-agency consultations held in the context of the finalization of the Regional Refugee and Resilience Plan (3RP).

Pillar distribution

16. Details of the current annual budget for 2017 are provided in annex VII. The summary pillar distribution is outlined in below in table III.2.

17. Donor response at the Ad hoc Committee of the General Assembly for the Announcement of Voluntary Contributions to the High Commissioner's Programme (Pledging Conference), held in December 2016, confirmed a sustained commitment by donors to supporting the vital programmes of UNHCR. Even though the amount pledged does not cover all of the 2017 assessed needs, it provides a crucial signal to the organization of the anticipated funding, allowing sound financial planning and continuation of the operations without interruptions. Donors are encouraged to continue to respond generously to the High Commissioner's appeal for resources to meet the requirements for 2017.

Notes

The data are generally provided by governments, based on their own definitions and methods of data collection.

A dash ("-") indicates that the value is zero, not available or not applicable. All data are provisional and subject to change.

¹ Country or territory of asylum or residence.

² Persons recognized as refugees under the 1951 Convention/1967 Protocol, the 1969 OAU Convention, in accordance with the UNHCR statute, persons granted a complementary form of protection and those granted temporary protection. In the absence of government figures, UNHCR has estimated the refugee population in many industrialized countries based on 10 years of individual asylum-seeker recognition.

³ This category is descriptive in nature and includes groups of persons who are outside their country or territory of origin and who face protection risks similar to those of refugees, but for whom refugee status has, for practical or other reasons, not been ascertained.

⁴ Persons whose application for asylum is pending at any stage in the asylum procedure.

⁵ Refugees who returned to their place of origin during the first half of 2016. Source: country of origin and asylum.

⁶ Persons who are displaced within their country and to whom UNHCR extends protection and/or assistance. It also includes people in IDP-like situations. This category is descriptive in nature and includes groups of persons who are inside their country of nationality or habitual residence and who face protection risks similar to those of IDPs but who, for practical or other reasons, could not be reported as such.

⁷ IDPs protected/assisted by UNHCR who have returned to their place of origin during the first half of 2016.

⁸ Refers to persons who are not considered as nationals by any State under the operation of its law. This category refers to persons who fall under the agency's statelessness mandate because they are stateless according to this international definition, but data from some countries may also include persons with undetermined nationality.

⁹ Refers to individuals who do not necessarily fall directly into any of the other groups but to whom UNHCR may extend its protection and/or assistance services. These activities might be based on humanitarian or other special grounds.

¹⁰ According to the Government of Algeria, there are an estimated 165,000 Sahrawi refugees in the camps near Tindouf.

¹¹ All figures relate to the end of 2015.

¹² Australia's figures for asylum-seekers are based on the number of applications lodged for protection visas.

¹³ The refugee population includes 200,000 persons originating from Myanmar in a refugee-like situation. The Government of Bangladesh estimates the population to be between 300,000 and 500,000.

¹⁴ Refugee figure relates to the end of 2015.

¹⁵ The 300,000 Vietnamese refugees are well integrated and in practice receive protection from the Government of China.

¹⁶ The statelessness figure is based on a Government estimate of individuals who themselves or whose parents or grandparents migrated to Côte d'Ivoire before or just after independence and who did not establish their nationality at independence or before the nationality law changed in 1972. The estimate is derived in part from the number of individuals denied voter registration in 2010 because electoral authorities could not determine their nationality at the time. The estimation is adjusted to reflect the number of persons who acquired nationality through the special 'acquisition of nationality by declaration' procedure by mid-2015. The estimate does not include individuals of unknown parentage who were abandoned as children and who are not considered as nationals under Ivorian law.

¹⁷ UNHCR's assistance activities for IDPs in Cyprus ended in 1999. Visit the website of the Internal Displacement Monitoring Centre (IDMC) for further information.

¹⁸ The figure of 245,000 Rwandan refugees was provided by the Government of the Democratic Republic of the Congo.

¹⁹ UNHCR is currently working with the authorities and other actors to determine the size of the population that found an effective nationality solution under Law 169-14. Since the adoption of Law 169-14 in May 2014, important steps have been taken by the Dominican Republic to confirm Dominican nationality through the validation of birth certificates of individuals born in the country to two migrant parents. Thousands of individuals also are believed to have been issued their Dominican civil documents in the first half of 2016, although an official figure was not available for this report.

²⁰ All figures relate to the end of 2015.

- ²¹ Almost all people recorded as being stateless have permanent residence and enjoy more rights than foreseen in the 1954 Convention relating to the Status of Stateless Persons.
- ²² Refugee figure relates to the end of 2014.
- ²³ Figure refers to individuals without a nationality who were born in the Dominican Republic prior to January 2010 and who have been identified by UNHCR in Haiti since June 2015.
- ²⁴ Pending a more accurate study of statelessness in Iraq, the estimate of stateless persons in Iraq has been adjusted to reflect the reduction of statelessness in line with Law 26 of 2006, which allows stateless persons to apply for nationality in certain circumstances.
- ²⁵ Refugee figure relates to the end of 2015.
- ²⁶ Figures are UNHCR estimates.
- ²⁷ Includes 33,200 Iraqi refugees registered with UNHCR in Jordan. The Government estimated the number of Iraqis at 400,000 individuals at the end of March 2015. This includes refugees and other categories of Iraqis.
- ²⁸ The figure for persons under UNHCR's statelessness mandate includes persons covered by two separate laws. 178 persons fall under the Law on Stateless Persons of 17 February 2004, which replaced the Law on the Status of Stateless Persons of 18 February 1999, and which determines the legal status of persons who are not considered as citizens by the legislation of any State and whose status is not determined by the law of 25 April 1995 (see below). 252,017 of the persons reported in this table fall under the Law on the Status of Those Former USSR Citizens who are not Citizens of Latvia or of Any Other State of 25 April 1995. This law granted a transitional legal status to permanently residing persons (non-citizens) which entitled them to a set of rights and obligations generally beyond the minimum rights prescribed by the 1954 Convention relating to the Status of Stateless Persons. Non-citizens enjoy the right to reside in Latvia *ex lege* and the right to acquire citizenship through registration and/or naturalization (depending on age). A number of measures have been taken by the Government of Latvia to facilitate their acquisition of citizenship; nonetheless, some non-citizens have chosen not to pursue naturalization. Some may have acquired a nationality other than Latvian nationality; however in the absence of reliable data in this regard, UNHCR includes in its statistical reporting the full number of non-citizens reported by Latvia.
- ²⁹ The updated statelessness figure is based on a registration exercise undertaken by a local NGO with technical support from UNHCR in western Malaysia. By mid-2016, 700 of those registered had acquired nationality.
- ³⁰ This figure is an estimate of stateless persons in Rakhine State derived from the 2014 census. It does not include an estimated 151,566 stateless IDPs - that is, persons in an IDP-like situation who are also of concern under UNHCR's statelessness mandate. They have been included in the figure on IDPs.
- ³¹ Refugee figure relates to the end of 2015.
- ³² Various studies estimate that a large number of individuals lack citizenship certificates in Nepal. While these individuals are not all necessarily stateless, UNHCR has been working closely with the Government of Nepal and partners to address this situation.
- ³³ The updated statelessness figure is based on a registration exercise covering 24 municipalities that took place between 2014 and 2016 and also reflected the fact that 664 of the registered group had their nationality confirmed in March 2016.
- ³⁴ The statelessness figure refers to the census figure from 2010 adjusted to reflect the number of stateless persons who acquired nationality in 2011-2015. The figure includes 12,881 stateless persons holding a temporary or a permanent residence permit in 2015.
- ³⁵ An adjustment to 2014 end of year figures in particular for the number of asylum applications pending on appeal and review has resulted in a substantially higher figure for numbers of asylum-seekers reported in South Africa for 2015. It should be noted that the current legal framework in South Africa does not enable the withdrawal of asylum applications lodged.
- ³⁶ IDP figure in South Sudan includes 105,000 people who are in an IDP-like situation.
- ³⁷ The statistics of the remaining IDPs at the end of 2015, while provided by the Government authorities at the district level, are being reviewed by the central authorities. Once this review has been concluded, the statistics will be changed accordingly.
- ³⁸ Refugee figure for Iraqis and the figure for stateless persons in the Syrian Arab Republic was a Government estimate. UNHCR had registered and was assisting 17,300 Iraqis refugees in the first half of 2016.
- ³⁹ Updated statelessness figure from the Government of Thailand. The decrease took into account the grant of Thai nationality to over 23,000 stateless people between the beginning of 2012 and mid-2016.
- ⁴⁰ Refugee figure for Syrians in Turkey was a Government estimate.
- ⁴¹ IDP figure in Ukraine includes 800,000 people who are in an IDP-like situation.

⁴² The refugee figure for the United States of America is currently under review, which may lead to an adjustment in future reports.

⁴³ The number of stateless persons refers to those with permanent residence reported in 2010 by the Government. Information on other categories of stateless persons is not available.

⁴⁴ The number of stateless persons is an estimate and is currently under review.

Annex IX

Draft decision on budgets and funding for 2016 and 2017

The Standing Committee,

Recalling the Executive Committee's decisions, at its sixty-sixth and sixty-seventh sessions, on administrative, financial and programme matters (A/AC.96/1154, para. 13 (c) and A/AC.96/1165, para. 15 (3) respectively), as well as its discussions under the programme budgets and funding item at the sixty-seventh meeting of the Standing Committee in September 2016,

Reaffirming the importance of responsibility-sharing in solidarity with countries hosting refugees,

Recalls that the Executive Committee, at its sixty-sixth session, approved original programmes and budgets for regional programmes, global programmes and headquarters under UNHCR's 2016-2017 biennial programme budget, amounting to US\$ 6,546.3 million and US\$ 6,408.5 million for 2016 and 2017 respectively,

Recalls that the Executive Committee, at its sixty-seventh session, approved revised programmes and budgets for regional programmes, global programmes and headquarters under UNHCR's 2016-2017 biennial programme budget (revised), amounting to US\$ 7,184.7 million for 2016 and US\$ 7,309.7 million for 2017,

Notes that the 2016 supplementary budgets amounted to US\$ 1,006.8 million for programmes benefiting UNHCR's global refugee programme and projects for reintegration and for internally displaced persons,

Notes the budget reduction of US\$ 43.4 million in 2016,

Takes note of the increase in UNHCR's annual budget for 2016 to a final total of US\$ 7,509.7 million, representing the sum of the original budget of US\$ 6,546.3 million and the total supplementary budgets of US\$ 1,006.8 million, as well as a budget reduction of US\$ 43.4 million,

Notes that the 2017 supplementary budgets currently amount to US\$ 319.2 million for programmes benefiting UNHCR's global refugee programme and projects for reintegration and for internally displaced persons,

Notes the current budget reduction of US\$ 178.4 million in 2017,

Takes note of the increase in UNHCR's annual budget for 2017 to a current total of US\$ 7,450.6 million as of 31 January 2017, representing the sum of the revised budget of US\$ 7,309.7 million and the supplementary budgets of US\$ 319.2 million, as well as a budget reduction of US\$ 178.4 million,

Recognizes that emergencies and unforeseen activities unfolding in 2017 may result in the need for additional or expanded supplementary budgets and that additional resources, over and above those for existing budgets, would be needed to meet such needs, and

Urges Member States to continue to respond generously, in the spirit of solidarity and in a timely manner, to the High Commissioner's appeal for resources to meet in full the annual budget for 2017.
