This event serves as the kick-off of the 2023 MOPAN assessment of UNHCR. MOPAN is an expanding network of 22 members who together provide nearly \$ 80 billion in contributions to the multilateral system every year. MOPAN members – as responsible shareholders and donors – work together to help the organizations they fund become more fit-for-purpose, relevant and results-focused, through accountability and learning. This event, co-hosted by UNHCR and the Netherlands, Switzerland, and the United Kingdom of Great Britain and Northern Ireland will introduce the assessment framework and timeline as well as identify opportunities for UNHCR stakeholders and partners to provide their views during the assessment process.
