PRESS STAKE-OUTS

Government delegations may hold an ad hoc press stake-out during the Global Refugee Forum. The press stake-out area will be located in Hall 14, in front of the Assembly Hall. The press stake-out area will be Global Refugee Forum-branded and will be equipped with essential technical support for reporters.

The stake-out area can be booked by submitting [this form](#), duly completed in both English and French, to the UN Information Service at press_geneva@un.org, cecile.carlier@un.org and UNHCR at hqgrf@unhcr.org. The UN Information Service can inform the media of planned stakeouts.

VIP SOCIAL MEDIA ZONE

High-level attendees are invited to showcase their commitment and actions on issues related to the Forum to an extensive global audience by visiting the VIP Social Media Zone, which will be located in the Concordia area of the *Palais des Nations* on 16th, 17th and 18th December.

Content will be published primarily on UNHCR's global social media accounts ([Twitter](#) / [Instagram](#) / [Facebook](#) / [LinkedIn](#)) reaching millions of our highly-engaged followers who are passionate about the refugee cause.

The format could be a piece-to-camera message, a short interview or conversation. We have professional interviewers available, and we can also arrange for your principal to be in conversation with a refugee, partner or other influencer attending the Forum.

In addition to publishing live content, the UNHCR social media team will quickly subtitle video messages in English and other languages as capacity permits, to make the social media content as widely accessible by national and global audiences as possible and distribute throughout our network of global, national and influential supporter accounts.

Technical details: the Social Media Zone is a studio-set up with multiple cameras, light and sound, to provide a unique visual backdrop for communicating messages to the biggest global, digital audiences during the event.

- With support from an on-site **Twitter** team and the UNHCR social media team, use the Twitter Mirror or our two professional video cameras to record a short video message (piece to camera, interview or conversation format) or post a photograph conveying your message and commitments at the Forum. The message will be published on UNHCR's global @Refugees account and shared widely.
- Go live on **Instagram** and/or record a short video message (piece to camera, interview or conversation format), to be published on the @Refugees Instagram account (1 million followers) and shared on the relevant Government accounts.
- Record a video for **Facebook** - (piece to camera format, interview or a conversation with a refugee or other partner) - which will be published on UNHCR's global account or used alongside other footage in highlights videos of the Refugee Forum.
- With support from the **TikTok** team and UNHCR social media team, reach out to a youth audience by joining the #everyonecounts 'challenge' on TikTok and recording a short 15-second video for UNHCR's new TikTok account.

Appointments are highly recommended and may be made by contacting socialmediazone@unhcr.org. All visits to the VIP Social Media Studio will be featured prominently on UNHCR's multilingual social media platforms, including LinkedIn and YouTube, reaching millions of our followers in all our global languages.

The hashtag for the event is **#RefugeeForum**
